CITY *Lights* TOM BUTLER

The bright lights of the city call to us all. The dazzling buzz of the metropolis radiates an atmosphere of excitement that none of us can resist, including Tom himself. His recent trip to Manhattan has inspired his latest collection where he has perfectly captured the ambiance of city living. From the rain-spattered streets of Trafalgar, to wintry sunrises over the Seine, the luminous lights of a Westminster evening, and shadowy sunsets on the Hudson - these stunning pieces perfectly capture the glow of the city from dusk through to dawn.
