

HKoenig

mxk36

blender titanium blade

Smooth and delicious creations,
blended with precision in just a
few moments

With its powerful 1000-watt motor, 2 speeds, Pulse function, and 1.5-liter capacity, the MXK36 supports you in all your culinary creations: fresh smoothies, creamy soups, homemade sauces, or iced beverages. Its graduated 1.5 L glass jar allows you to prepare your everyday recipes with precision and ease.

A true 3-in-1 blender, the MXK36 combines power and versatility to blend your ingredients, create delicious smoothies, and efficiently crush ice. Its stainless steel body provides durability, strength, and a touch of elegance to your kitchen. Thanks to its different speed settings and Pulse function, it delivers fast, consistent, and perfectly controlled blending results to suit all your recipes. Designed for simplicity, it ensures a smooth and enjoyable experience every day.

Its safety lock system and non-slip feet provide stable and secure use. Easy to clean, the MXK36 saves you time after every use, so you can fully enjoy your creations.

The MXK36, a powerful and versatile blender designed to bring all your culinary creations to life.
