FAREALLA

Everything about Farfalla is designed to maximise fun on the water. From the clean uncluttered decks and the incredible views they afford and the sleek head-turning profile of the yacht, to the thoughtfully laid out social spaces and supremely comfortable accommodation for up to eight guests.

FLYING WITHOUT WINGS

Striking the perfect balance between high performance sailing and luxury cruiser, Farfalla lives up to the grace of her name, which means 'butterfly' in Italian. The feeling of flying through the waves under sail is inimitable as the yacht slices through the water with ease. Passionate sailors and newbies will equally enjoy the thrill – it's captivating for all who experience it. But while she may be a powerful sailor, there is no compromise to onboard comfort. Out on deck there is a large al fresco dining area with removable awnings, plenty of sunbathing space and unlimited sea views. On the inside, expect generous ceiling heights, natural light and contemporary styling.
