And, thanks to heli capability too, guests can extend their exploration even further – to the skies.

There is nothing you can't do with a Bold yacht charter. A host of watertoys awaits. Learn to sail on the sailing dinghies under the watchful tuition of the Captain and other crew members who are qualified instructors, feel the need for speed on the jet skis or head for an in-water safari around secluded coves with the Seabobs. With a large floating dock to extend the on-the-water relaxation, being in and out of the water all day every day is too easy.

FOR EVERY KIND OF FUN

Bold is one of few charter yachts to offer helicopter capability as part of the charter package. Heli excursions and scenic flights allow guests another perspective and no arrival is as epic as arriving on board by helicopter; it sets the tone for the unforgettable vacation that is to come.
