# SHALAWATY

Shalawaty is a yacht defined by character and scale. Built by Oceanco and extensively rebuilt in 2016, she pairs classic Northern European pedigree with interiors inspired by the glamour of 1920s London.

# REFINED ESCAPE

Her deck spaces are unusually generous for her size, designed for long days outside and time spent on board. The interior is warm and discreet, favouring deep tones and well defined spaces. With six cabins, including two principal suites, Shalawaty offers a refined charter experience adapted for moments of quiet retreat and time spent together.
