RockIt Price List

Condition of Sale

Refer to the **Conditions of Sale** document on **inscapesolutions.com**

RockIt™

Not your average desk job.

RockIt is a light scale bench that supports change, personalization, and wellbeing in the most demanding environments. Engineered with a compact spine and a canted universal leg, RockIt offers user-adjustable accessories, convenient power access, storage and privacy screens, and patented SkyRockIt™ height-adjustable technology. With visually light, authentic wood design details, RockIt brings simplicity, beauty, tranquility and a sense of calmness through its use of finishes and materials.

How to use this price list

Upcharges
A "+" in front of a dollar amount indicates an upcharge based on the product options.

Estimating Pricing
To get a total cost when upcharges are presented, take the list price of the product number and add the upcharges as shown. View the example below for the RKCR48 product in a single sided application with accent paint.

For example:

RKCR48	$363
Accent paint	+ $37
Single sided application	+ $70
	$$$$

	Part number	Height	Width	Depth	Neutral paint/ base price	Accent paint upcharge	Single sided application upcharge
Core	**RKCR48**	5"	48"	3"	$363	+$37	+$70
	RKCR54	5"	54"	3"	$390	+$39	+$85
	RKCR60	5"	60"	3"	$418	+$42	+$101
	RKCR66	5"	66"	3"	$475	+$48	+$110
	RKCR72	5"	72"	3"	$532	+$54	+$126

RockIt
Core & Supports

inscape

work for tomorrow

- Back-to-back core application is standard with base pricing
- Core is available in any of Inscape's standard paint colors
- Core is available in three conditions: double end, middle, single end. Specify "middle" condition if power pole is needed
- Accessory gasket is always included in core slot
- Angled Leg Hip Support is used in both mid and end applications and are not handed
- Leg post on Angled Leg Hip Supports can be optioned as wood or painted steel

- Leg posts and hip are available in any of Inscape's standard paint colors
- Angled Leg Hip Support always includes a gasket for accessories in hip slot
- Angled Leg Hip Support comes with optional Hip Top Cover: open accessory slot or full cover (color options available). Accessories can not be mounted in full cover
- Hip Top Covers can also be ordered separately as needed

RockIt
Electrical

inscape

work for tomorrow
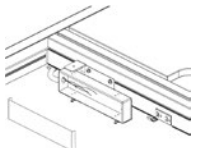

- Power In-feed may enter into the core from the floor and must enter the core on the opposite end to the data ports
- A wire covering is included with the Power In-feed to enclose exposed power
- The wire cover has two options available: Cable Casing (available in silver only) or Cable Sleeve (available in black, beige, gray or white)
- Power In-feed does not require access through a duplex location
- New York City Power In-feed comes complete with attachment bracket which is available in any of Inscape's standard paint colors

- The Ceiling Power Pole must be located at the end of a Core, opposite to the data ports, against the end Angled Leg Hip Support
- The Ceiling Power Pole has two pole options that accommodate up to an 11' ceiling (16' power feed whip) and 17' ceiling (22' power feed whip). The option to select no power is also available if the pole is only to be used for data
- Ceiling Power Pole must be specified with "middle" application Core with end option
- A center septum is included in the Ceiling Power Pole

	Part number	List price
Power In-Feed	RKEFWK-8	$314

	Part number	List price
City of Chicago Bracket	RKECHB	$315
	Part number	Neutral paint/ base price	Accent paint upcharge

Ceiling Power Pole	RKECFK-8	$794	+$623	-$210	+$79

Electrical

Power Tracks and Jumper Cables
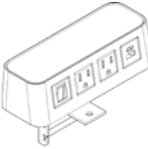

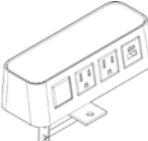

- Power tracks are required to match the width of the core it is being installed in
- Receptacles and Jumper Cables (track to track connectors) are specified separately from Power Tracks

- One size of Jumper Cable works for all surface widths
- Jumper Cables do not connect together nor do they attach to power in-feeds

	Part number	Width	List price
Power Track	RKETP48	48"	$138
	RKETP54	54"	$148
	RKETP60	60"	$150
	RKETP66	66"	$168
	RKETP72	72"	$176
Jumper Cable	RKETC36	36"	$67
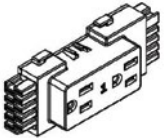

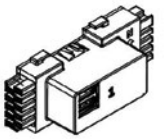

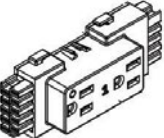

- Power Modules mount to the back edge of a surface and are accessible by the user above the surface
- Power Modules plug into the duplexes and come in many different configurations with receptacles, USB ports and availability lights
- Modules come in black, white or gray and have colored options for the lid; Black, White, Teal, Red, Purple, Blue, Green, Gray

- USB includes (1) type A jack and (1) type C jack
- Free software download required for availability light option
- Availability light is controlled by user

	Part number	List price
2 Port Power Module 1 receptacle + 1 USB AC	**RKPMOD-1P1U**	$392
4 Port Power Module 2 receptacles + 1 USB AC + 1 open data port data not provided	**RKPMOD-2P1U1O**	$492
4 Port Power Module 2 receptacles + 1 USB AC + 1 availability light	**RKPMOD-2P1U1L**	$778

Electrical
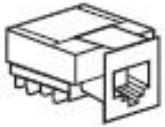

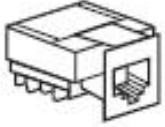

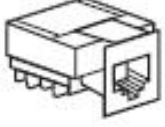

Receptacles

- Standard and Controlled Receptacles are available in the color options of black (default), white and gray.
- White option is a close match to 168 Glacier White and the Gray option is a close match to 290 Aluminum Leaf
- USB Receptacles are available in black option only

- The circuit 3 receptacle requires 2+2 or 3+1 wire designation ("U" in the code signifies 3+1 compatibility)
- Controlled receptacles satisfy California Title 24 and are indicated with a "power mark" which is represented by a circle with a line

	Part number	List price	White	Gray
Receptacles	RK2D1-8	$23	+$8	+$8

Hinged Cover	**RKHRC**	$18	+$8	+$8

Electrical

Cable Management

- The Cable Management Tray attaches straight to the front rail of the core to accommodate surface cabling and is available in Eco Black paint only
- Height Adjustable Cable Management Tray attaches to the underside of the height adjustable worksurface to accommodate cabling
- The Height Adjustable Cable Management Tray is a combination of a cable management tray with a bracket that attaches a self rolled protective cable sleeve to the core

- The height adjustable tray is only available in Eco Black paint and the bracket is available in any of Inscape's standard paint colors
- The cable sleeve is available in four colors: black, white, beige and gray
- Wire management sleeve is 3' in length
- Mounting hardware is included for both cable management trays

	Part number	Width	List price
Cable Management Tray	**RKCMT18**	18"	$31

	Part number	Neutral paint/ base price	Accent paint upcharge
Height Adjustable Cable Management Tray	**RKCMTSL**	$162	+$16

RockIt
Worksurfaces

Worksurfaces

Rectangular with Scallop

- When manually specifying worksurface in laminate, add suffix "-S" to the code
- These worksurfaces include a small scallop in the center of the back of the surface for cord drop and monitor arm mount
- Stretcher bar and core mount brackets included
- Stretcher bar is available in Eco Black paint only
- Brackets are available in any of Inscape's standard paint colors
- Depths and widths are nominal

- The wire management gap between the worksurface and the core is 0.562"
- Scallop dimensions are ½"D x 8"W
- Plywood edge option is available
- Cable management trays are ordered separately as needed
- With the exception of the scallop, monitor arms and power modules can be placed anywhere along the back edge of the surface

24"D Rectangular Worksurface with Small Scallop

Part number	Width	Depth	Thickness	Straight edge nuform solid/ laminate/ neutral paint/ base price	Nuform woodgrain/ pattern	Nuform tapered edge	Grade 1 laminate	Grade 2 laminate	Accent paint upcharge

- When manually specifying worksurface in laminate, add suffix "-S" to the code
- Cutout worksurfaces which include electrical access do so via a cutout in the back of the worksurface to allow access to the power and data cutout located directly below
- The cutout in the surface lines up with the locations of electrical access in the core
- Stretcher bar and core mount brackets included
- Stretcher bar is available in Eco Black paint only
- Brackets are available in any of Inscape's standard paint colors
- Depths and widths are nominal

- Monitor arms can be mounted to the left or right of the cutout
- Cable tray with shelf comes with every surface in any of Inscape's standard paint colors
- The wire management gap between the worksurface and the core is 0.562"
- Cutout dimensions are 4"D x 12 – 36"D in 6" increments
- Cable Tray Shelf dimensions are 3¾"D x 12" less then cutout (except for 12" cutouts which use a 5" shelf)
- Plywood edge option is available

Worksurfaces

SkyRockIt Height Adjustable Worksurface

- When manually specifying worksurface in laminate, add suffix "-S" to the code
- The core-mounted pneumatic SkyRockIt Height Adjustable Worksurfaces come fully ready to be installed
- These worksurfaces are integrated with the core and legs
- They include the counterbalance mechanism along with a worksurface and may be switched out for a fixed worksurface at any time
- Base mechanism finish options are: black (close match to Onyx paint finish) or white (close match to Simply White paint finish).
- This manual pneumatic height adjustable table has a lift capacity of max 25 lbs (includes worksurface)
- Height adjustment is 28½" to 40"; a total range of 11½"
- Stretcher bar and core mount brackets included

- Stretcher bar is available in Eco Black paint only
- Brackets are available in any of Inscape's standard paint colors
- Depths and widths are nominal
- Plywood edge option is available
- Can be used in a single sided application
- Surface extends 6" towards the user when raised
- Be aware of accessories on core and hip that will interfere with the function of the raising of surface
- Height Adjustable surfaces have a 1" on all sides to avoid the potential for pinch points when surfaces are raised and lowered
- Optional Height Adjustable Cable Tray can be ordered separately as needed
- SkyRockIt Height Adjustable Worksurface has a scallop on back edge of surface
- Scallop dimensions are ½"D x 8"W

RockIt
Finishes

Finishes
Worksurfaces

Worksurfaces are available in Nuform solid, Nuform woodgrain and laminate.

Nuform

Nuform is a themofoil sheet that is continuously bonded to an MDF substrate. The sheet is surface-coated with a scratch resistant film. The underside of the worksurface is finished with low-pressure melamine. Nuform worksurfaces have optional pencil groove. No edge banding is required with Nuform because of its unique design, which wraps the foil to the underside of the worksurface. This eliminates the need for edge banding. Nuform is also available on tiles (ensure the application is reviewed for rules).

Nuform Solid

Colorways	Product code
Warm White	F121
Mist	F122
Sandstone	F123
Frosty White	F127
Designer White	F129

Nuform Woodgrain

Colorways	Product code

Espresso	F38
Ash Espresso	F39
Swiss Elm	F40
Antique Whitewash	F41
Blonde Maple	F42
Barn Board	F43
Brazilian Nut	F44
Rustic Plank	F45

*F06 Walnut has a maximum material width of 46" where all other Nuform is 48". This finish can not be used on surfaces larger then 42" D.

Laminate

Laminate is bonded to 1" thick particleboard. The underside of the worksurface is finished with a wood-fiber veneer backer. Worksurfaces specified with a laminate finish include a 2mm edge banding in a coordinating color. Plastic laminate tops do not have optional pencil groove.

Standard laminate finishes are prefixed with 'LCC' and standard low laminate storage finishes are prefixed with 'MCC'.

Paint

Paint Code Matrix
The following prefixes will be referenced on order acknowledgments:

E	indicates standard paint on all filing and storage items
ET	indicates standard textured paint on all filing and storage items, a 10% upcharge is applicable to the net value of the product
EA	indicates standard accent paint on all filing and storage items
P	indicates standard paint on all other items
PT	indicates standard textured paint on all other items, a 10% upcharge is applicable to the net value of the product
PA	indicates standard accent paint on all other items

Custom Colors
Inscape offers color matched to a customers' specification when possible. This matching is done through a database of over 2,500 existing color formulas or the development of a new custom color. A minimum order value of $3,000 net per custom color, appliers to each order. A $250 net fee applies for each custom color below this minimum. In addition, Custom Premium colors (bright whites and bright colors; textured paints; and reflection paints that use mica, aluminum or special materials to create their reflective properties) will be subject to a 10% upcharge to the net value of the product.

Multi-color Cabinets
For multi-color cabinets where the case is one color and the drawer fronts are a second color, the following upcharge applies: Quantities of 15 or more units, add $250 list per color. Quantities less than 15 units add $500 list per color. (Tie bars and reference shelves will be painted the same color as the fronts.)

Care &
Maintenance

inscape

work for tomorrow

Care & Maintenance

The following information provides general guidelines for cleaning and maintaining Inscape products including: Worksurfaces, Screens, Storage and Accessories.

Nuform

Nuform surfaces are manufactured by thermoforming a polymer sheet around an MDF substrate. The polymer sheet is surface-coated with a scratch resistant film.

- For general cleaning, use warm soapy water or a mild, non-abrasive household cleanser such as "Vim" or "Windex"
- Tougher stains, such as ink, may be removed with methyl hydrate
- Do not use abrasive cleansers or highly solvent based chemicals such as gasoline, acetone or toluene as they may scratch or affect the surface appearance
- Do not place hot appliances directly on Nuform surfaces
- Although Nuform is scratch resistant, avoid dragging sharp objects across the surface
- Light scratches may be buffed from the foil surface by using a 400-600 grit wet sandpaper under light hand pressure in circular motions or by using a 3M Scotch Brite Pad (green color only) under light hand pressure in circular motions. Note: Under no circumstances should power buffing tools be used
- Chips and deep scratches may be repaired by a professional touch-up service. Minor imperfections should be addressed immediately as neglect can result in more serious problems that could void the warranty
- Optimal storage temperature range for Nuform surfaces is 41°F to 86°F

Laminate

High pressure laminate is available for use on surfaces and accessories and is laminated to particleboard and includes a color coordinated edge banding.

- Dust off laminated surfaces prior to cleaning
- For general cleaning, use a damp cloth with warm soapy water or a mild, non-abrasive household cleanser such as "Vim" or "Windex". Remember to wipe the surface with the grain using a dry soft cloth
- In addition, laminate storage may also be cleaned with "Glass Plus", "Dawn", "Pledge", or "Mr. Clean"
- An eraser may assist with removing ink marks
- Do not use abrasive cleaners or bleaching cleansers as they may scratch or affect the surface appearance
- Take note that any product with Hydrochloric, Sulfuric, or Phosphoric acid may permanently damage the surface
- Although high pressure plastic laminates are resistant to scratching and wear, avoid dragging sharp objects across the surface
- Although laminates are heat resistant, a hot pad should be placed under appliances

Wood

Wood is an option on the Angled Hip Leg Supports. Like all natural products, wood legs may vary slightly in grain, texture and color. For this reason, minor variations between pieces can be expected.

- Dust surface with a dry cloth in the direction of the grain
- For dirtier surfaces, use warm soapy water and a soft cloth
- Do not use abrasive cleaning products as they may scratch or affect the surface appearance.
- Although waxing and polishing is not necessary, waxing and polishing products may be applied if care is taken to avoid wax build-up which may cloud the finish
- Exposure to strong sunlight should be avoided since fading may result
- Avoid exposure to extreme heat, cold or humidity
- Avoid dragging sharp objects across the surface
- Chips and scratches may be repaired by a professional touch-up service

Fabric

- Vacuum or lightly brush panel fabrics to remove dirt build-up
- Promptly remove stains by blotting, not rubbing the fabric to retain pile texture
- Fabric may be cleaned with mild water-free solvents or water-based cleaning agents or foam.
- Always follow the manufacturer's instructions and test clean a non-visible area first

PET

- PET products have been developed to be easily cleaned and maintained
- Simply remove dust and dirt with a stiff plastic bristle brush, or by vacuuming
- Distilled water can be used to remove any stains
- Always use a soft, clean cloth and blot dry

Glass

- Clean glass with a mild window cleaner such as "Windex"

Paint

- Clean with a soft damp cloth and warm soapy water
- Paint touch-up kits are available to repair minor scratches

Whiteboards

- Use only dry erase markers with whiteboards
- Clean whiteboards with eraser and cleaner formulated for whiteboards
- Inscape recommends using "Sanford Expo Dry Erase Markers" and "Sanford Whiteboard Cleaner"
