

FOR IMMEDIATE RELEASE

Inscape's BIFMA Compliant Products

March 4, 2021 – Inscape (TSX: INQ), a leading designer and manufacturer of furnishings for the workplace, is pleased to announce that its Inscape Bench, Inscape System, RockIt, RockIt @Home, Tables, Yonge chair and Office Specialty storage products are BIFMA Compliant.

BIFMA Compliant is the newly launched industry-wide registry of furniture products conforming to BIFMA safety and durability standards. Compliant provides clarity to the market by differentiating products that meet established industry standards. As part of BIFMA's objective to help consumers make confident furniture buying decisions, the registry enables buyers and specifiers to quickly identify quality products that will be safe and will perform.

Products in the program must be tested in an ISO 17025 accredited test lab with the ANSI/BIFMA standards listed in the test lab's Scope of Accreditation. Speaking about Inscape's participation in the registry, Mohammad Khodayari, Product Engineering, Compliance and Environmental Manager at Inscape said: "Our products have always been tested for compliance with BIFMA safety and durability standards. It is gratifying to have third party approval and be part of this registry that helps consumers make confident furniture buying decisions."

Inscape's BIFMA Compliant products can be viewed at www.bifma.org. To learn more about Inscape's products, visit myinscape.com.

About Inscape

Since 1888, Inscape has been designing products and services that are focused on the future, so businesses can adapt and evolve without investing in their workspaces all over again. Our versatile portfolio includes systems furniture, storage, and walls – all of which are adaptable and built to last. Inscape's wide dealer network, showrooms in the United States and Canada, along with full service and support for all our clients, enable us to stand out from the crowd. We make it simple. We make it smart. We make our clients wonder why they didn't choose us sooner. myinscape.com
