

Inscape System Contributions to LEED

At Inscape, transforming regular offices into high-performing work environments is just one part of our mandate. Doing so in an environmentally intelligent way is another.

Here you will learn how Inscape System contributes to the following LEED Certifications:

- LEED NC - New Construction
- LEED CI - Commercial Interiors
- LEED EB - Existing Buildings

Inscape System™ Contributions to LEED NC

Energy & Atmosphere

Credit 1	Optimize Energy Performance Inscape System furniture can be provided with energy efficient task lighting which can assist in reducing the overall energy load for the office.	10 Points
-----------------	---	------------------

Materials & Resources

Credit 2.1	Construction Waste Management (Divert 50% from landfill) Inscape furniture is delivered with recyclable corrugated cardboard packaging which can be sent to recycling facilities available in most cities.	1 Point
Credit 2.2	Construction Waste Management (Divert 75% from landfill) Inscape furniture is delivered with recyclable corrugated cardboard packaging which can be sent to recycling facilities available in most cities.	1 Point
Credit 3.1	Resource Reuse (5%) Inscape System furniture is designed to be easily reconfigured to suit changing needs of customers as well as to adapt into new spaces. The frame and tile design allows for easy refurbishing of tiles and components.	1 Point
Credit 3.2	Resource Reuse (10%) Inscape System furniture is designed to be easily reconfigured to suit changing needs of customers as well as to adapt into newer spaces. The frame and tile design allows for easy refurbishing of tiles and components.	1 Point
Credit 4.1	Recycled Content, 10% (post-consumer + ½ pre-consumer) Inscape System furniture is designed using a high percentage of recycled content which is obtained from both post-consumer and post-industrial sources. Textiles manufactured from 100% recycled material and formaldehyde reduced MDF help in obtaining this credit.	1 Point
Credit 4.2	Recycled Content, 20% (post-consumer + ½ pre-consumer) Inscape System furniture is designed utilizing a high percentage of recycled content which is obtained from both post-consumer and post-industrial sources. Textiles manufactured from 100% recycled material and formaldehyde reduced MDF help in obtaining this credit.	1 Point
Credit 5.1	Regional Materials: 10% Extracted, Processed & Manufactured Regionally Inscape can supply products for which extraction and manufacturing is done within a 500 mile radius of many project sites.	1 Point
Credit 6	Rapidly Renewable Materials Inscape System can be provided with rapidly renewable materials like wheat-board and straw-board for file fronts and worksurfaces to obtain points against this credit.	1 Point
Credit 7	Certified Wood Inscape System furniture can be provided using FSC certified wood cores and veneers.	1 Point

Indoor Environmental Quality

Credit 4.4	Low-Emitting Materials, Composite Wood and Laminate Adhesives Inscape System furniture can be provided with powder-coated wood drawer fronts that are made from formaldehyde reduced MDF which helps with this credit that requires use of composite wood and no formaldehyde core materials.	1 Point
-------------------	---	----------------

Innovation & Design Process

Credit 1.1-1.4	Innovation in Design Inscape partners with designers and clients to deliver innovative product solutions to meet project strategies that contribute towards innovation credits. Inspace continuously looks at ways to enhance the operational capabilities using our furniture.	4 Points
Credit 2.1	LEED Accredited Professional Inscape has LEED accredited professionals serving at their corporate office who can contribute towards this credit when part of the core project team.	1 Point

Inscape System Contributions to LEED CI

Energy & Atmosphere

Credit 1.2	Optimize Energy Performance - Lighting Controls Inscape System furniture can be provided with energy efficient task lighting with user controlled dimmers which can assist in reducing the overall energy load for the office and provide user controllability.	1 Point
-------------------	---	----------------

Materials & Resources

Credit 2.1	Construction Waste Management (Divert 50% from landfill) Inscape furniture is delivered with recyclable corrugated cardboard packaging which can be sent to recycling facilities available in most cities.	1 Point
Credit 2.2	Construction Waste Management (Divert 75% from landfill) Inscape furniture is delivered with recyclable corrugated cardboard packaging which can be sent to recycling facilities available in most cities.	1 Point
Credit 3.3	Resource Reuse (30% Furniture and Furnishings) Inscape System furniture is designed to be easily reconfigured to suit changing needs of customers as well as to adapt into new spaces. The frame and tile design allows for easy refurbishing of tiles and components.	1 Point
Credit 4.1	Recycled Content, 10% (post-consumer + ½ pre-consumer) Inscape System furniture is designed utilizing a high percentage of recycled content which is obtained from both post-consumer and pre-consumer sources. Textiles manufactured from 100% recycled material and formaldehyde reduced MDF help in obtaining this credit.	1 Point
Credit 4.2	Recycled Content, 20% (post-consumer + ½ pre-consumer) Inscape System furniture is designed utilizing a high percentage of recycled content which is obtained from both post-consumer and pre-consumer sources. Textiles manufactured from 100% recycled material and formaldehyde reduced MDF help in obtaining this credit.	1 Point
Credit 5.1	Regional Materials (20% manufactured regionally) Inscape System furniture is manufactured in Holland Landing, Canada which is within 500 miles (800 km) of many of our clients in North America.	1 Point
Credit 5.2	Regional Materials Inscape can supply products for which extraction and manufacturing is done within a 500 mile radius of many project sites.	1 Point
Credit 6	Rapidly Renewable Materials Inscape System furniture can be provided with rapidly renewable materials like wheat-board and strawboard for file fronts and worksurfaces to obtain points against this credit.	1 Point
Credit 7	Certified Wood Inscape System furniture can be provided using FSC certified wood cores and veneers.	1 Point

Indoor Environmental Quality

Credit 4.4	Low-Emitting Materials, Composite Wood and Laminate Adhesives Inscape System furniture can be provided with powder-coated wood drawer fronts that are made from formaldehyde reduced MDF which helps with this credit that requires use of composite wood and no formaldehyde core materials.	1 Point
Credit 8.3	Daylight and Views (Views for 90% of Seated Spaces) Inscape System panel can be provided with 37" height as well as with glazing above 37" to maximize views for seated spaces.	1 Point

Innovation & Design Process

Credit 1.1-1.4	Innovation in Design Inscape partners with designers and clients to deliver innovative product solutions to meet project strategies that contribute towards innovation credits. Inspace continuously looks at ways to enhance the operational capabilities using our furniture.	4 Points
Credit 2	LEED Accredited Professional Inscape has LEED accredited professionals serving at their corporate office who can contribute towards this credit when part of the core project team.	1 Point

Inscape System Contributions to LEED EB

Energy & Atmosphere

Credit 1	Optimize Energy Performance Inscape System furniture can be provided with energy efficient task lighting which can assist in reducing the overall energy load for the office.	10 Points
-----------------	---	------------------

Materials & Resources

Credit 1.1-1.2	Construction, Demolition and Renovation Waste Management Inscape furniture is delivered with recyclable corrugated cardboard packaging which can be sent to recycling facilities available in most cities.	2 Points
Credit 2.1-2.5	Optimize Use of Alternative Materials Inscape System furniture is designed utilizing a high percentage of recycled content which is obtained from both post-consumer and post-industrial sources. Textiles manufactured from 100% recycled material, formaldehyde reduced MDF, wheat-board and strawboard for file fronts and worksurfaces, and FSC certified wood cores and veneers can be specified to obtain points against this credit.	5 Points
Credit 5.1-5.3	Occupant Recycling Inscape furniture is delivered with recyclable corrugated cardboard packaging which can be sent to recycling facilities available in most cities.	3 Points

Indoor Environmental Quality

Credit 8.3 & 8.4	Daylight and Views Inscape System panels can be provided with 37" height as well as with glazing above 37" to maximize views for seated spaces.	2 Points
-----------------------------	---	-----------------
