# CUT-OUT

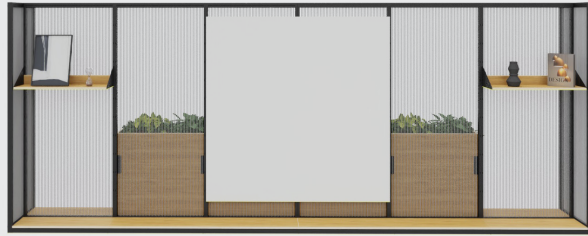

## DOUBLE SIDED HARP

### Frames

A straight run of 1 frame to 6 frames.

1 frame

6 frames

## CORNER AND RETURNS

### Frames

Single sided or double sided base.

Maximum 6 frames

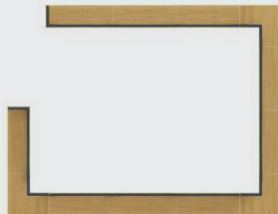

Utilise planters on frames 4, 5 and 6

## ENCLOSURES

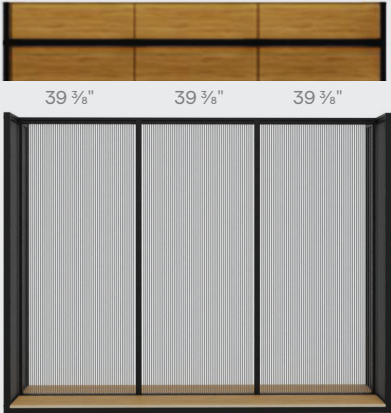

### Frames

Infinite amount of sizes and configurations.

STRAIGHTS

✓

DOUBLE SIDED 39 3/8" STRAIGHT RUN

**Frames**

Always a double sided base  
Specify double end frames

The diagram shows a top-down view of a window unit with three panes. Above the panes, a wooden base is shown with three sections, each labeled "39 3/8\"". Below the panes, a double-sided wooden base is shown. The window is framed on all four sides.

✓

SINGLE SIDED BASE

**Frames**

For straight run specify single sided base to be accompanied with a single sided end or corner frame.

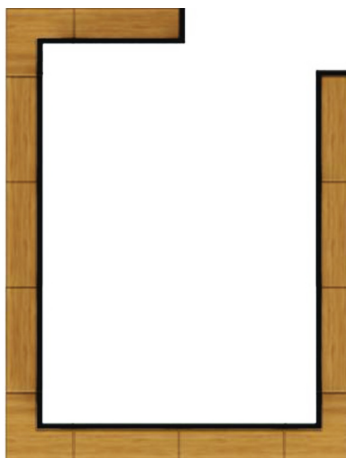

The diagram shows a top-down view of a window unit with three panes. Above the panes, a wooden base is shown with three sections, each labeled "39 3/8\"". Below the panes, a single-sided wooden base is shown. The window is framed on the top, bottom, and sides, but the left side is open.

SINGLE SIDED ENCLOSURE

**Frames**

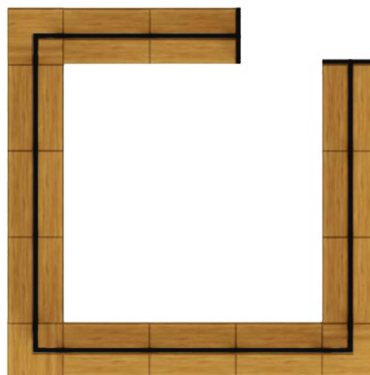

Single Sided frames to be specified with corresponding single sided end and corner frame.

DOUBLE SIDED ENCLOSURE

**Frames**

Single Sided frames to be specified with corresponding single sided end and corner frame.

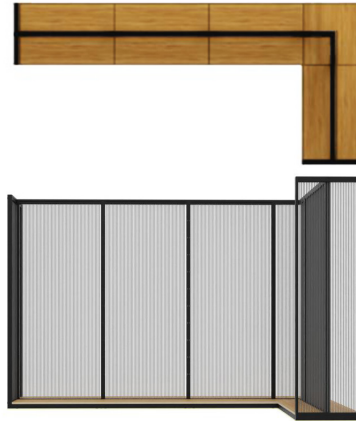

## CORNERS & RETURNS

### DOUBLE SIDED RETURN

#### Frames

Specify double bases.

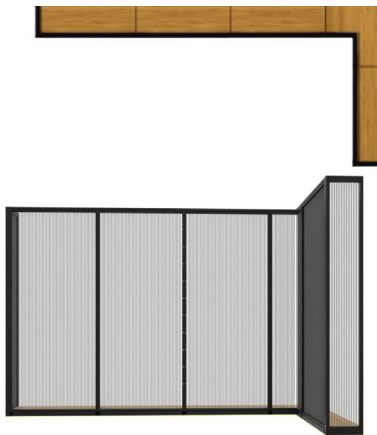

### SINGLE SIDED RETURN

#### Frames

Specify double or single bases.

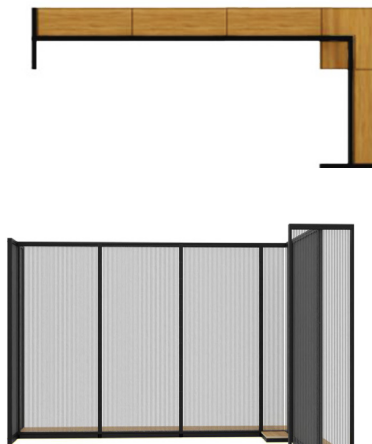

Match double or single end frames.

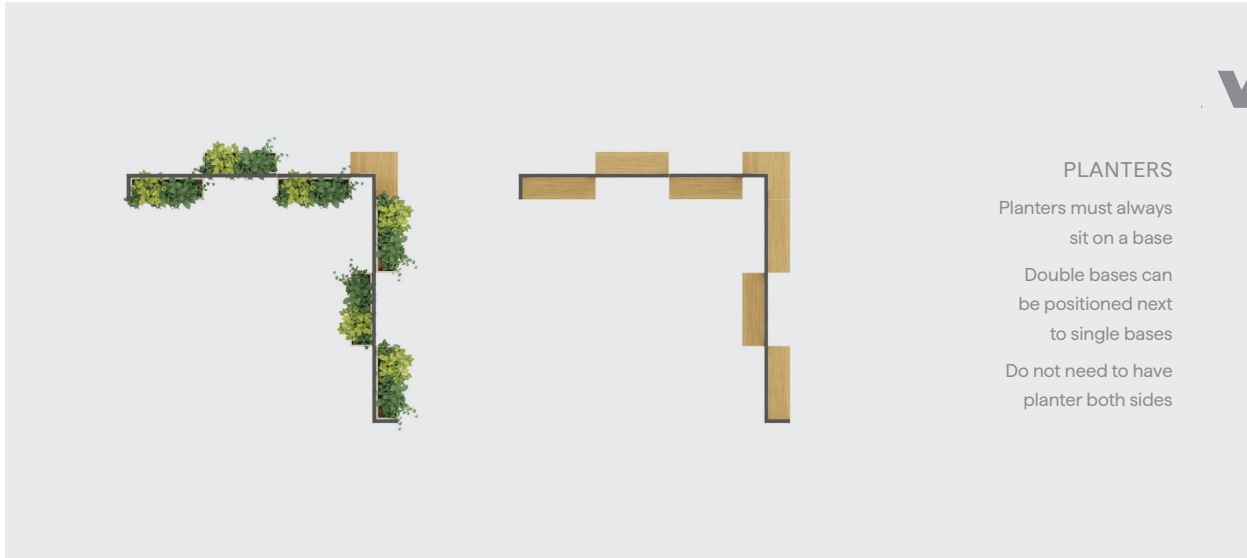

### MIXTURE OF CORNER BASE FRAMES

#### Frames

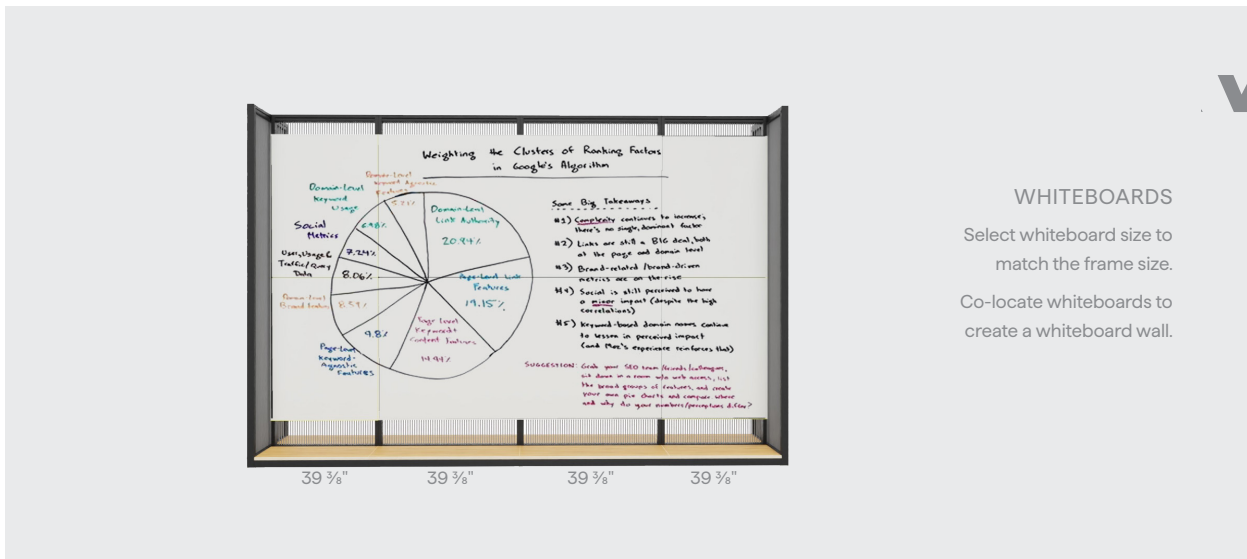

Double base corner and double base frame or single corner and single corner.

PLANTERS

Planters must always sit on a base  
 Double bases can be positioned next to single bases  
 Do not need to have planter both sides

WHITEBOARDS

Select whiteboard size to match the frame size.  
 Co-locate whiteboards to create a whiteboard wall.

SHELVES

Specify the size of the shelves to match the frame size.

Step 1: Build the base frame.

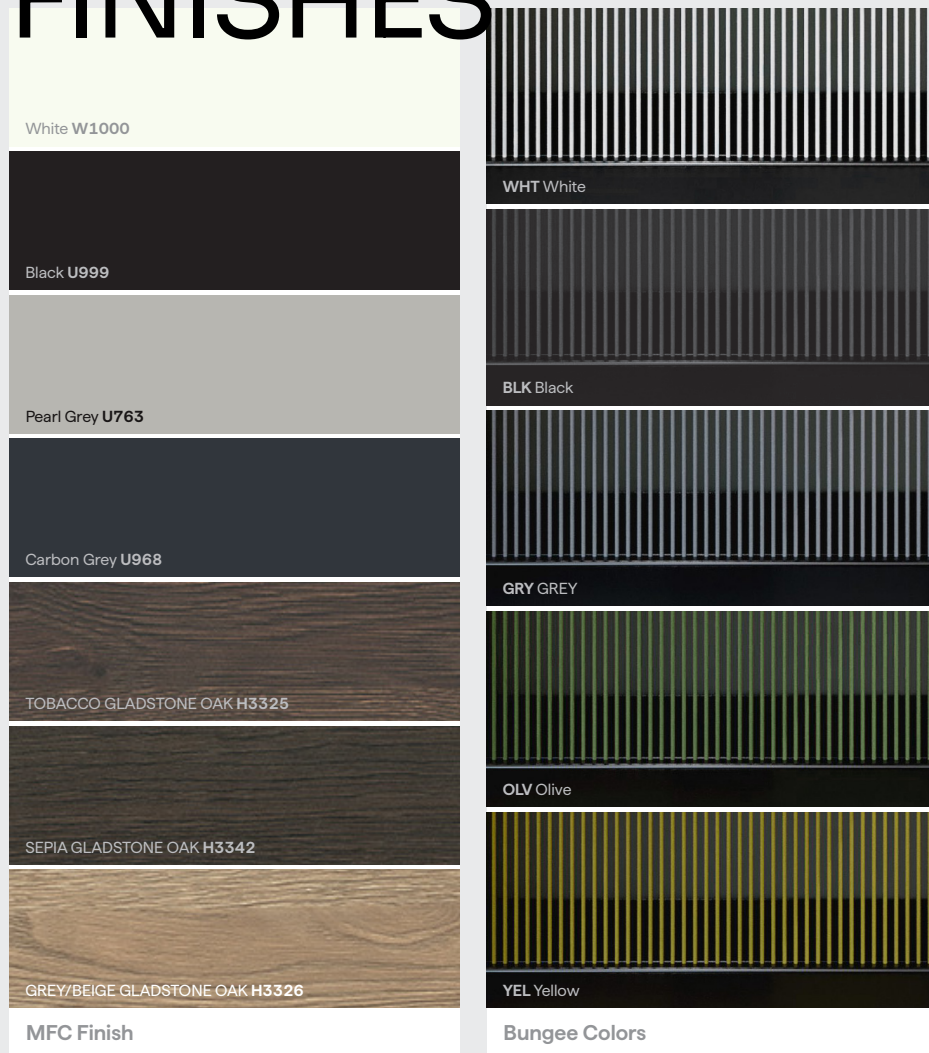

# FRAMES

Select your Harp frame size and style.

## Step 2 : Select the finishes

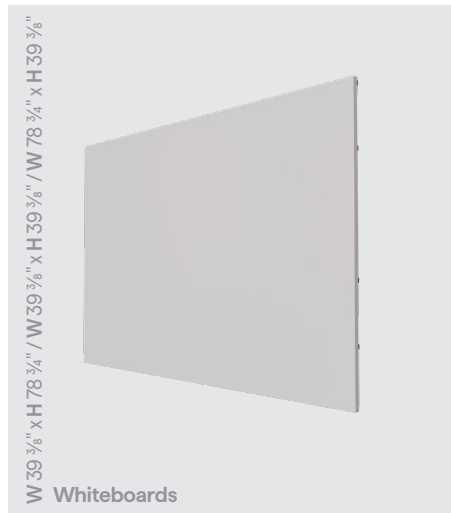

# FINISHES

Select your MFC and bungee finish from these options.

Step 3 : Add your accessories.

# ACCESSORIES

Select your Harp accessories from these options.
