inscape

work for tomorrow

Proud Heritage

Working for tomorrow for over 130 years!

Since 1888, Inscape has been designing products and services that are focused on the future, so businesses can adapt and evolve without investing in their workspaces all over again. Our North American made furniture is built to stand the test of time.

Inscape Bench

The smarter solution to the open office

The Inscape Bench is a customizable, scalable desking system that addresses the diverse work needs of today's office. It encourages collaboration in the workplace while supporting users that require visual and acoustic privacy. This flexibility allows for personalized workspaces that keep workers happy and productive.

A product as unique as you.

Minimal and sleek or technology-intensive? So versatile, Inscape Bench can go from simple to fully featured and back again at any time. We offer more options for customization than any other bench including hanging recycling units, privacy glass, planters, fabric screens, electrified storage and more. Define boundaries, add privacy, encourage collaboration – it's up to you.

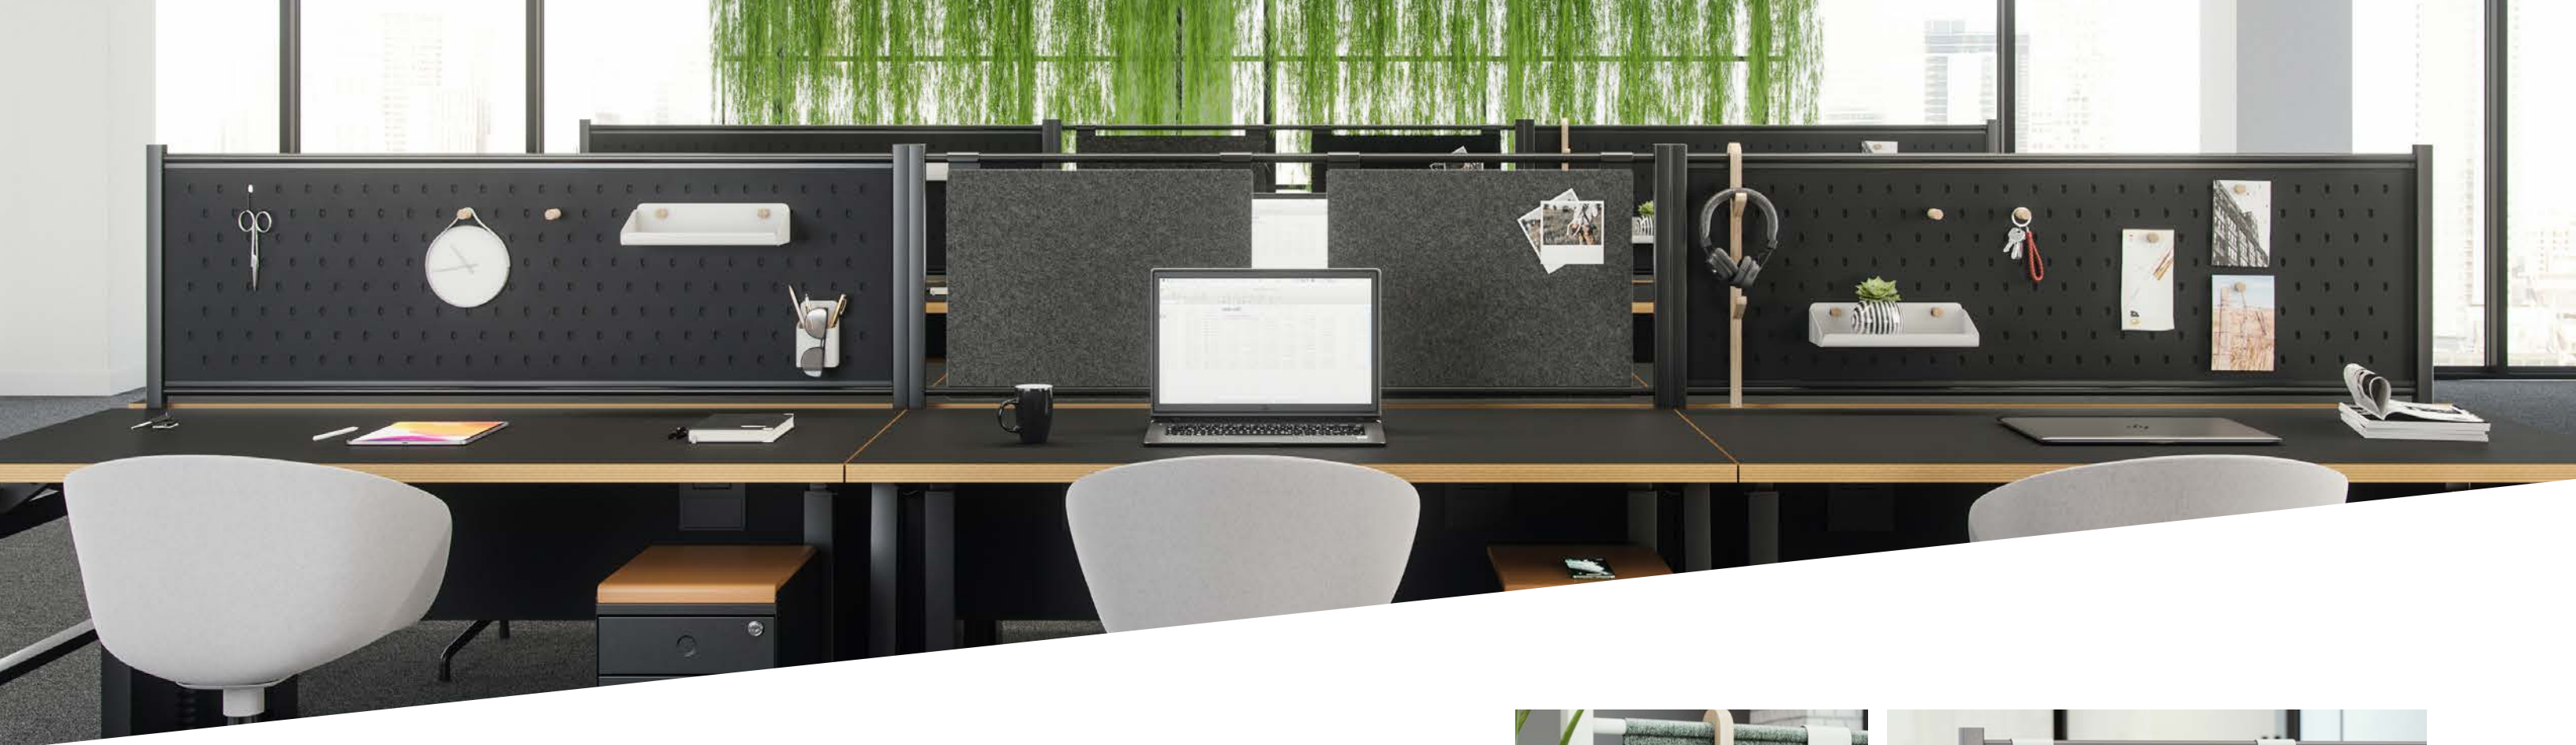

- Available with Nuform or laminate worksurfaces
- Accessory options include: Slim fabric and metal screens, tackboards, whiteboards, fabric wrapped divider screens, planter boxes, transaction tops, recycle bins, and paper management trays.
- Optional power and data modules for easy connection
- Choose from hundreds of paints and finishes to make a truly customizable piece

What is Accessory Stack?

Bench Accessory Stack features a number of standard and interchangeable options, including whiteboards, hangable tackboards, screens, hooks and more. In true Inscape form, Accessory Stack is also back and forward compatible with existing Inscape Bench frames. Your Inscape Bench can truly be your own with Accessory Stack.

Accessory Stack

Standard Options

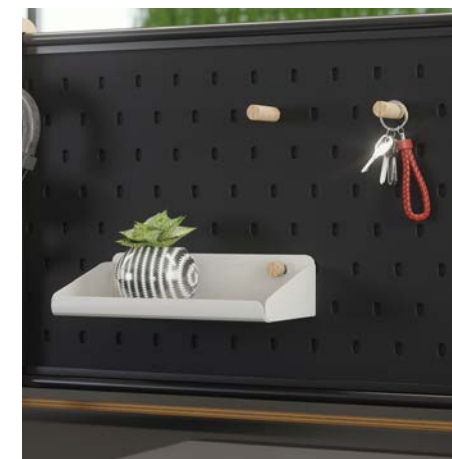

Accessory Stacks are available in 2 heights, with dozens of frame color options, and various infill choices such as glass or fabric screens. Your existing Inscape Bench frames seamlessly integrate with Bench Accessory Stack and Accessory Stack works alongside most existing Bench accessories. It's all past, present, and future compatible.

Choose from:

- Tackable Fabric Infill
- Glass Infill
- Painted Metal Infill
- Perforated Metal Infill (Pegboard)
- Tack and Whiteboards (6 sizes available!)
- Hook
- Pegboard Accessories

Accessory Stack works alongside:

- Planter Boxes
- Transaction Tops
- Bunker Storage
- Hip Stash
- And more!

Stand for Wellness

Improve comfort, satisfaction and productivity with height-adjustable workspaces. Inscape offers superior flexibility for clients unsure about sit/stand desking. Unlike other benches on the market, we offer the option of adding sit/stand mechanisms to Inscape Bench at any time, providing true flexibility of planning.

Flexibility of Planning

Flexible spaces are important in the office due to the time and money it takes to change as user needs change. More importantly flexible product is imperative to allow these changes to occur seamlessly and without a lot of interruption/down time to the user. Inscape Bench is a product that will not only aesthetically create a continuous look in a space, but it will also allow you the flexibility to change and adapt, using many if not all, of the same components.

Scalability

Inscape Bench can support users requiring visual and acoustic privacy, and even full panel solutions if necessary. This flexibility allows for personalized workspaces that help keep workers with diverse work styles happy and productive.

Technology

Access to technology and power makes it easy to share information. Inscape Bench can go from simple technology to fully featured and back again at any time.

Ergonomics

Inscape Bench gives you the option of adding sit/stand workstations at any time, providing true flexibility of planning

Nuform

Seamless. Clean. Beautiful

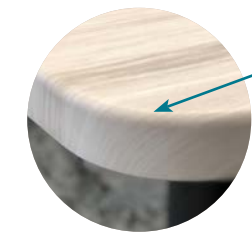

Nuform is Inscape's unique and exclusive worksurface and vertical surface application. Nuform can be utilized in panel system, benching system, tables, worksurfaces and storage. Its seamless edge provides a clean aesthetic where bacteria, fungus and mold cannot penetrate edges. Elimination of seams also helps diminish the accumulation of potential contaminants and makes cleaning easy.

- **Seamless Edge:** Provides a clean aesthetic eliminating the need for an edge banding where bacteria, fungus and mold can penetrate and flourish.
- **Durable:** Abrasion, heat, fade and scratch resistant.
- **Easy to Clean:** Usually with just soap and water.
- **Customizable:** Choose from a wide variety of colors and designs. Finishes in colors and textures, in solids, patterns, marble, concrete and woodgrain.
- **Biophilic Design:** Biomorphhic shapes
- **Ergonomic:** Radius curve with a seamless edge

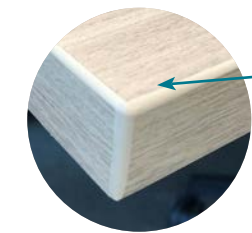

Nuform Worksurface Edge Detail

Nuform is a durable, beautiful alternative to conventional worksurfaces. Its uninterrupted seamless edge looks and performs better than traditional laminate edge-banding. For worksurfaces, our tapered edge is ergonomically superior to traditional 90 degree edges, providing a comfortable sloped surface that eliminates pressure on wrists.

Our Commitment to Sustainability

For over 100 years, we've looked beyond the present to think about the next generation in everything we do. Whether it's our products, our people, the local community, customers or the environment, we want to have a positive impact on the world around us.

By devoting our environmental strategy to all aspects of sustainability – including energy, atmosphere, recycling, technology and water – we are committed to ensuring success today, tomorrow and for many years to come.
