

FarBo® Roofspout

Roofspout for roof drainage systems

Applications

- Outlet pipe for rainwater management
- Directs water flow from ParaDrain into waste water control systems
- Can be used as an overflow from a gutter system

Key Features

- Manufactured from high quality stainless steel - durable, with excellent corrosion resistance
- Angled end spout - provides direction to the water flow
- Large stainless flange - ease of installation
- Wide range of sizes available - to suit many different applications

Code	Spigot size (mm)
