

# PB Liner Mastic

## Application

For sealing side laps on metal lining sheets

## Key Features

High performance butyl sealant laminated to clear, flexible polyethylene backing film

Excellent adhesion

Prevents vapour transmission

Remains flexible, allowing for movement without rupturing or becoming detached

## Substrate Compatibility

Tape	Steel	Aluminium	GRP / PVC	Fibre Cement	Glass (uncoated)	Timber (painted or stained)	Fire resisting	Gutter joints
PB	√**	√**	•**	o	-	•	-	-

√ = Recommended    • = Compatible    o = Possible    \*\* = For airseal liners, not outer sheet

## Product Specification

Code	Thickness x width (mm)	Roll length (m)	Rolls per carton	Colour
PB-50	1.5 x 50	35	6	WHITE
PB-100	1.5 x 100	35	4	WHITE
