

# RyMar® Cable Duct 160

## Application

These provide a weatherproof sleeve for cables or pipes which penetrate through a flat roof

The removable top cowl works with cables, pipes, etc., on the roof, allowing for the completion of tasks prior to the top being mounted

## Key Features

Light and dark grey PVC or bituminous factory bonded membrane flange or plain flange for liquid applied roofing systems

Stainless steel spigot and cowl

Suitable for installations with multiple cables/pipes such as solar panel wiring

360 degree entry point
