

Zagrosol Aminogen

Zagrosol Aminogen is a concentrated oral liquid supplement containing fat soluble and water soluble vitamins and amino acids. It is intended to boost animal performance especially growth of poultry and livestock. Vitamins and amino acids from Zagrosol Aminogen come from a highly bioavailable and stable source thus ensuring efficient nutrient absorption and utilization.

Composition/L:

Vitamin A	10.00 MIU	L - Lysine	5.00 g
Vitamin D	3.00 MIU	L - methionine	1.80 g
Vitamin E	10.00 g	L - cystine	0.70 g
Vitamin B1	3.50 g	L - tryptophan	0.24 g
Vitamin B2	2.00 g	L - threonine	2.00 g
Vitamin B5	5.00 g	L - valine	2.30 g
Vitamin B6	2.00 g	L - Arginine	3.00 g
Vitamin B12	10.00 mg	Total Amino Acids	50.00 g
Nicotinic Acid	5.00 g		
Biotin	10.00 mg		

Indications:

- Maintains optimum level of multivitamin and amino acids in livestock and poultry.
- Compensates vitamins and amino acids losses due to feed processing, transportation and storage
- Promotes uniform growth of the flock, improves weight gain and feed conversion ratio
- Speeds up recovery from diseases and prevent further weight loss
- Improves resistance to infections.

Benefit of Using Zagrosol Aminogen:

- Contains highly bioavailable source of amino acids
- Faster passage rate of nutrients on the stomach thus increasing rate of absorption in the small intestine.
- It has superior solubility thus reduces clogging in drinking water lines
- Most stable formulation of vitamins and amino acids give long life potency of nutrients.
- Special carrier, free from gum.

Dosage & Administration:

Poultry Mix 1 ml per 2-3 L of drinking water.

زیگروسول امینو جن

- وٹامن اور امائنو ایسڈ پر مشتمل مقوی مالغ ٹانک۔
- بہترین نشوونما کیلئے زود ہضم اجزاء کا بہترین تناسب۔
- استعمال سے فلاک یکساں اور بڑھوتری بہترین۔
- جسمانی قوت مدافعت بڑھائے۔
- یونیک Stability لانگ پوائنٹی اور گرم فری سلوشن۔

Packing:

1 L and 5 L container.
