

# AMC E 20% SELEZINC

<b>Composition:</b>	Vitamin E/dl-alpha-tocopheryl acetate; Zinc; Selenium; Antioxidant; Emulsifier; Demineralized water.
<b>Description:</b>	AMC E 20% SELEZINC is a liquid supplement consisting of Vitamin E and Minerals. <b>Vitamin E</b> is a fat-soluble intracellular antioxidant, involved in stabilizing unsaturated fatty acids, thereby preventing toxic lipo-peroxide formation. <b>Vitamin E</b> and <b>Selenium</b> are interrelated and function together as a part of multi-component antioxidant defense system. <b>Zinc</b> has the function of stabilizing the cell structures and combined with Selenium are two of the most important nutrients to boost the immune system.
<b>Indications:</b>	AMC E 20% SELEZINC is a powerful formula for prevention of Vitamin E & Selenium deficiency. AMC E 20% SELEZINC is useful as a tissue antioxidant cause it prevents generations from extremely harmful free radicals. Selenium has a sparing effect of Vitamin E by making it efficient, helps in boosting instant immunity during the stress period at any age.
<b>Animal Categories:</b>	Poultry and Livestock.
