About Me

Compassionate DVM candidate specializing in small animal medicine with hands-on experience across three clinics. Proficient in comprehensive physical exams, vaccination protocols, anesthesia monitoring, and perioperative care; assisted in spay/neuter procedures and performed basic lab diagnostics (CBC) for clear client education that increases owner compliance and strengthens follow-up care. Eager to join a collaborative team delivering high-quality preventive and dental care.

Work Experience

- **PET PULSE ANIMAL HOSPITAL LAHORE - PRE DEGREE INTERN**
 - Assisted veterinary surgeons in various procedures and surgeries (spaying, neutering, etc.).
 - Monitored patients in pre- and post-operative care, documenting vital signs and recovery progress.
 - Administered vaccines and medications under the direct supervision of a licensed veterinarian.
 - Provided proper animal restraint for examinations, procedures, and sample collection, ensuring animal and staff safety.
- **FAMILY PET CLINIC MULTAN - PRE DEGREE INTERN**
 - Assisted in minor surgeries and procedures, including spaying and neutering.
 - Monitored patients in post-operative care, ensuring stable vitals such as temperature and pulse.
 - Properly restrained animals during examinations and procedures, prioritizing both animal and staff safety.
 - Administered vaccines and medications under veterinary supervision and provided pre- and post-care instructions to pet owners.
 - Performed basic laboratory tests on based on blood like CBC, LFT, RFT
- **ALL CREATURES ANIMAL SHELTER AND HOSPITAL ISLAMABAD - PRE DEGREE INTERN**
