

Performance Foundation Pack

5 Essentials for Complete Equine Performance

AED 1,498

Complete professional literature for optimal equine health and competition performance.

1. Camel Spark

Benefit: Quick burst of energy and enhanced vitality tailored for the UAE racing market.

Ingredients: Phenylethylamine, L-Phenylalanine, Adrenal Cortex, N-Acetyl Tyrosine, Malic Acid, Adenosine MP, DMG, Rhodiola Extract, Panax Ginseng, Cordyceps, Acetyl Carnitine, BCAAs, Creatine, Vitamin B-Complex.

Dosage: 1 full tube (80 ml) 12 hours before a race.

2. Breath Ease

Benefit: Advanced respiratory support and optimal pulmonary health.

Ingredients (Traditional Chinese Formula): Huang Qi, Dan Shen, Kun Bu, Gui Zhi, Nan Sha Shen, Bei Sha Shen.

Dosage: 1 measure twice daily for 3 days pre-competition; 2 measures 12 hours before event.

3. Shine & Groom

Benefit: Shiny skin, glowing coat, and superior tissue health.

Mechanism: Balanced blend of antioxidant-protected essential fats (Cocosoya/Equi-Omega).

Ingredients: Soybean Oil, Flaxseed Oil, Fish Oil, Tocopherols, Coconut Oil, Vitamin A/D3, Biotin.

Dosage: 1 to 2 oz daily.

4. Probi Care

Benefit: Comprehensive gut health, microbial balance, and digestive support.

Mechanism: Stabilizes hindgut microflora, protects against digestive stress.

Dosage: 80 ml as directed.

5. Electrolyte Plus

Benefit: Vital hydration, optimal fluid retention, and systemic mineral balance.

Mechanism: Heavy-duty performance electrolyte to replenish salts lost through sweat.

Dosage: Mix thoroughly into daily feed or water.

| Important Notes

- Ensure fresh water is available at all times.
- Consult with equine nutritionists or veterinarians for tailored protocols.
- All formulations are designed for professional, competition-ready performance.
