

**VIOLENCE AGAINST
WOMEN SINDH
JANUARY - JUNE 2025
FACT SHEET**

Introduction

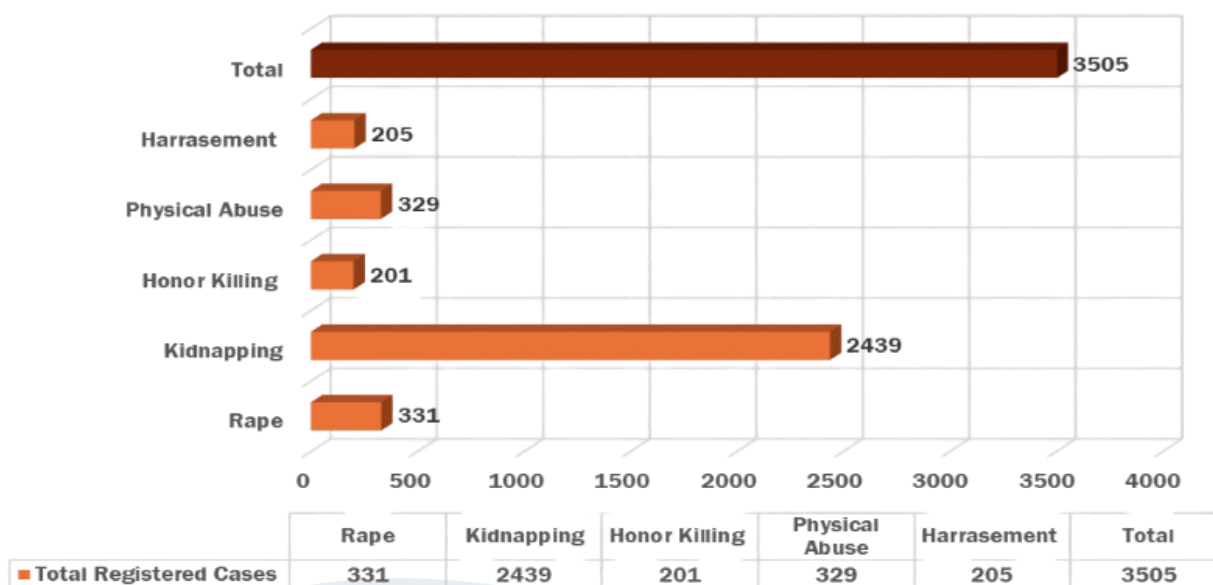

The factsheet data on violence against women Sindh collected through Right to Information (RTI) from the police department. Violence against women cases further divided into Physical abuse, Rape, Kidnapping, Honor Killing and Harassment. This data also demonstrates number of cases in the legal procedure: challan cases, cases under investigation, cases under trial, conviction, acquittal, withdrawn. The rate represents the number of reported VAW cases per 100,000 women aged 15 and above. It is used to provide a standardized comparison across provinces or districts with varying population sizes. Often, districts with smaller populations may show higher rates despite having fewer total cases. However, when examining absolute numbers, provinces or districts reporting a larger volume of cases are also considered high-risk areas, indicating widespread prevalence.
