

LEICA RTC360 LASER SCANNER

The Leica RTC360 3D reality capture solution empowers users to document and capture their environments in 3D, improving efficiency and productivity in the field and in the office through fast, simple-to-use, accurate, and portable hardware and software. The RTC360 3D laser scanner is the solution for professionals to manage project complexities with accurate and reliable 3D representations and discover the possibilities of any site.

KEY FEATURES

- Capture high resolution scans including spherical High-Dynamic Range (HDR) images in less than two minutes
- Complement the recorded scan data in the field with additional information (photos, videos, text, etc.)
- Automatic recording of station-to-station movements to pre-register scans without manual intervention in the field
- Automatic post-processing of data in the office in Cyclone Register 360
