IMAGINE
CRUISING
More than just a cruise

INFORMATION

Your Tickets

The following information provides details about your tickets. Your tickets will be emailed to you no later than 14 days before your departure.

YOUR
Vacation Experts

Cruise

If your cabin is booked on a “guarantee” basis, your tickets will be issued once the cruise line assigns your cabin - which may occur up to 72 hours before departure. Your ticket will be released to you as soon as it’s available.

Cruise lines’ check in

Your cruise line will need some essential information from you in order to create your passenger profile and issue your ticket for departure.

This can be done using the Cruise lines’ online Check-in. To finish setting up your profile, you will need to provide documentation such as your passport details, travel insurance information, and emergency contact details.

Please visit your cruise lines’ online check-in page to access your booking. To log in to the cruise line page, you’ll need your individual cruise reference, which can be found on your confirmation invoice under ‘Cruise’.

Your ticket pack will include:

- Airline Ticket Voucher
- Hotel Reservation Voucher
- Transportation Voucher
- Excursion Voucher
- Cruise Boarding Pass
  (Or guide to obtain your cruise boarding pass)

INFORMATION

Your Tickets

A world of possibilities is waiting to be explored..

Flights

We will not issue physical flight tickets. Instead, your voucher will provide all the information you need to check in online and download your boarding passes. Please note that check-in opening times vary by airline. If you are unable to check in online, don't worry — you can complete check-in at the airport. We recommend arriving at least 3 hours before your scheduled flight departure.

Group flights

If you are traveling on an Imagine Cruising group flight, you will not be able to check in online or select seats in advance. These steps will be completed at the airport by the airline's check-in staff. Please be sure to arrive with plenty of time before your flight to complete this process.

You can identify a group flight booking if your airline reference begins with "IMP."
