

WORKFLOW EFFICIENCY

TICKET ASSOCIATE

Deflect Internal Bottlenecks

THE HIDDEN COST OF INEFFICIENCY

Senior underwriters and IT staff are bogged down answering routine internal inquiries, reducing their time spent on innovation and judgment.

YOUR DIGITAL WORKFORCE

The Ticket Associate: Deploy an AI Associate to act as your internal Tier 1 support capability.

AGENTIC BUSINESS RESULTS (ABR) DELIVERED

- **Tier 1 Resolution:** Resolves routine inquiries from staff without requiring IT or senior underwriting intervention.

PROVEN ARCHITECTURE, ABSOLUTE CONTROL

COMPLIANCE BY DESIGN

The Human-in-the-loop Differentiator: We treat AI as a collaborative tool. Our human-in-the-loop architecture actively enforces moment-by-moment integrity and NAIC AI Model Bulletin compliance. When ambiguous, the AI queues a response for human review, providing a transparent trail of decision-making.

INCONTROVERTIBLE MARKET VALIDATION

This divestiture of Eventuard structurally de-risks our offering for institutional partners, proving our AI Associates function reliably in highly regulated, live production environments.

TECHNICAL VALIDATORS

- **Compliance:** Our human-in-the-loop architecture actively enforces moment-by-moment integrity and NAIC AI Model Bulletin compliance. When ambiguous, the AI queues a response for human review.
- **Validation:** We approach the market with incontrovertible market validation: the successful creation, scaling, and sale of our fully digital MGA, Eventuard. AI Associates completed over 90% of transactions from quote to bind entirely without human intervention.
- **Technical Validators:** Production-ready in ~60 days. Insurance-Native Architecture understands binding authority. API-First Integration with AMS/PAS. Strategy Studio empowers no-code control.
