

Dear, Awesome person

Thank you for the sewing machine. It's so pretty with the ~~flowers~~ flowers. It's amazing how it worked because I have been wanting one since my first skirt project. Although they are crazy ~~flowers~~ I asked for one for Christmas but then I could not give my family my creations until ~~after~~ after then. It's funny how God works. Thank you for this act of kindness. I mean I was so upset that I could not go to my friends house but if I did I would not have been able to get the sewing machine. I can't say thank you enough but I'll try...
