Dr. Bernd Schulte

Member of the Supervisory Board*

Dr. Bernd Schulte was a member of the Management Board of AIXTRON SE in Herzogenrath until March 2021. Since 2017 he was responsible for the areas of research and development, procurement, investor relations and communication, corporate governance, environment, social and governance as well as compliance and risk management. He started his academic career by studying physics at the Technical University of Darmstadt in 1983, where he graduated in 1989. In 1993 he received his PhD in Physics at the Technical University of Darmstadt. Before moving to AIXTRON, he worked as a research assistant for Hoechst AG in the early 1990s. His professional positions at AIXTRON include, for example, project and product management for the Asia-Pacific region and a management position in the compound semiconductor equipment division. From 2002 to 2017, Dr. Schulte worked as COO in the company's Management Board.

Status: April 2021

^{*} Member of Supervisory Board since November 6, 2020. Appointed until ordinary annual general meeting 2021.
