As of December 31, 2022, the Company's subscribed capital amounted to EUR 19,115,538.00 (previous year: EUR 19,115,538.00). The shares are fully paid in. The same rights and obligations apply to all shares. Each share confers one vote at the Shareholders' Meeting and determines the shareholders' portion of the Company's profits. A shareholder in relation to the Company is only someone who is entered as such in the register of shareholders. Shareholders must provide the Company with the information necessary to be included in the share registry.

2. Restrictions affecting voting rights or the transfer of shares

There are no restrictions with regard to voting rights or the transfer of shares, as stipulated by the Articles of Incorporation. We are also not aware of the existence of such agreements between shareholders.

3. Participations in capital that exceed 10 percent of the voting rights

(Leudelange/Luxembourg), Teslin Capital Management BV (Maasbergen/Niederlande), and Gerlin NV (Maasbergen/Niederlande), who jointly concluded an acting-in-concert agreement and consequently jointly exercised voting rights in the amount of 13.32 percent. 4. Shares with extraordinary rights that grant controlling authority

Shares with extraordinary rights that grant controlling authority do not exist.

5. Type of voting rights control if employees hold shares in the capital and do not exercise their control rights directly

If SÜSS MicroTec SE issues shares to employees as part of an employee share program, the shares are transferred directly to the employees. The beneficiary employees who hold shares of employee stock may exercise their control rights in the same way as any other shareholder directly in accordance with applicable laws and the Articles of Incorporation. There is currently no stock option program for employees.

6. Statutory provisions and provisions of the Articles of Incorporation relating to the appointment and removal of directors and the amendment of the Articles of Incorporation

The appointment and dismissal of members of the Management Board are regulated in Articles 39, 46 SE-VO, Section 16 SE Implementation Act, Sections 84 and 85 of the German Stock Corporation Law (AktG), and Section 8 of the Company's Articles of Incorporation. Accordingly, members of the Management Board are appointed by the Supervisory Board for a maximum of six years. A reappointment or extension of their terms is permitted for a maximum of six years. The Supervisory Board decides on the appointment and dismissal of Management Board members with a simple majority vote. The Management Board consists of a

minimum of two persons, whereby the number of Management Board members is determined by the Supervisory Board. The Supervisory Board may appoint a member of the Management Board as the Chairman or Spokesman of the Management Board as well as a Deputy Chairman or Spokesman of the Management Board. If a required member of the Management Board is absent, in urgent cases the member can be legally summoned upon petition by a concerned party. The Supervisory Board may revoke the appointment of a Management Board member and the nomination of the Chairman of the Management Board for good cause.

Changes to the Articles of Incorporation require a resolution by the Shareholders' Meeting. Pursuant to Section 27 (1) of the Articles of Incorporation, such resolutions require a simple majority of the votes cast and a simple majority of the equity capital represented when the resolution is passed unless the law prescribes a larger majority. The authority to make changes that only affect the wording is assigned to the Supervisory Board in accordance with Section 18 (3) of the Articles of Incorporation.

7. Powers of the Management to issue or repurchase shares

The Management Board is authorized to increase the equity capital of the Company once or several times by up to a total of EUR 2,500,000.00 by issuing up to 2,500,000 new no-par value registered shares in the period up to June 5, 2023, with the approval of the Supervisory Board against cash or non-cash contributions (approved capital 2018). In the process, the shareholders are granted subscription rights. The new shares can also be taken over by one or more banks determined by the Management Board with the obligation to offer these to shareholders (indirect subscription rights). However, the Management Board is authorized, with the consent of the Supervisory Board, to exclude the shareholders' subscription rights in order to even out fractional amounts;

- if in the case of an increase in capital stock against tangible assets, shares are granted for the purpose of acquiring companies, parts of companies, or investments in companies (including an increase in existing investments), or for the purpose of acquiring receivables against the Company;
- if an increase in capital stock against cash contributions does not exceed 10 percent of the equity capital and the issue price of the new shares is not significantly lower than the stock market price (Section 186 (3) (4) AktG); when making use of this authorization with the exclusion of subscription rights in accordance with Section 186 (3) (4) AktG, the exclusion of subscription rights based on other authorizations in accordance with Section 186 (3) (4) AktG must be taken into account.

The total number of shares issued under this authorization in exchange for cash and/or non-cash contributions, excluding shareholders' subscription rights, may not account for more than 10 percent of the equity capital at the time this authorization takes effect. Deducted from this limit are shares that

a) are issued or sold during the term of this authorization with the exclusion of subscription rights in direct or corresponding application of Section 186 (3) (4) AktG and

b) are or can or must be issued to service bonds with conversion or option rights or conversion or option obligations, provided that the bonds are issued after this authorization has taken effect with corresponding application of Section 186 (3) (4) AktG to the exclusion of shareholders' subscription rights.

The Management Board is authorized, with the approval of the Supervisory Board, to establish further details regarding the increase in capital stock and its implementation. The Supervisory Board is authorized to adjust the wording of the Articles of Incorporation accordingly following each utilization of approved capital or expiration of the deadline for the utilization of approved capital. The Company is furthermore authorized to acquire treasury shares. The authorization is limited to the acquisition of treasury shares with a calculated share in the equity capital of up to 10 percent. The shares acquired hereunder, together with treasury shares already held by the Company or attributable to it pursuant to Sections 71a ff. AktG, may at no time account for more than 10 percent of the equity capital. The authorization can be exercised by the Company or by third parties acting for the account of the Company in whole or partial amounts, on one or more occasions. The authorization is valid until June 5, 2023. It can also be exercised by Group companies or third parties acting for the account of the Company or a Group company. The acquisition takes place via the stock exchange or by means of a public purchase offer addressed to all shareholders of the Company.

8. Significant agreements of the Company that are subject to a change of control as a result of a takeover bid

There is a syndicated loan of EUR 61 million with the consortium consisting of Deutsche Bank AG, Landesbank Baden-Württemberg (LBBW), Commerzbank AG, and Banque Européenne Crédit Mutuel (today part of Targobank AG). This loan contains a right to extraordinary cancellation if there is a significant change in the Company's circumstances and the parties have not reached a timely agreement regarding maintaining the credit relationship. In the 2021 fiscal year, this agreement was last extended until October 23, 2026.

There are no other significant agreements of SÜSS MicroTec SE that are subject to a change of control as a

result of a takeover bid.

9. Compensation agreement of the Company that has been made with members of the Management Board or employees in the event of a takeover bid

No special rules exist with regard to the voting rights tied to shares or any control options resulting from this, either through the establishment of special stock categories or through restrictions on voting rights or transfers. There are no provisions extending beyond the legal regulations regarding the appointment of members of the Management Board or asking them to step down.
