BRILLIANT Results

The BRILLIANT Filling Materials – EverGlow, EverGlow Flow and Bulk Fill Flow – were developed with special focus on an intuitive shading system and user-friendliness. As such they excel at convenient handling and shades that blend in exceptionally well. Based on the same filler technology, the three materials work perfectly well together and combine in a smooth workflow.

BRILLIANT EverGlow

- ▶ Long lasting brilliance
- ▶ Aesthetic single-shade restorations
- ▶ Versatile shade system with three translucency levels
- ▶ Exceptional polishability and convenient handling properties

BRILLIANT EverGlow Flow

- ▶ Highly stable, yet very flowable
- ▶ Highly aesthetic results

BRILLIANT Bulk Fill Flow

- ▶ One adaptive Multi Shade material
- ▶ 4 mm reliable curing depth polymerized in 20 sec (≥ 1000 mW/cm²)
- ▶ No top layer needed due to high abrasion resistant properties
