About Us

MRK Sales and Services came into existence with a vision to play an indispensable role in the global supply chain. This is achieved based on three combinations - timely delivery, cutting edge technology and outstanding quality.

As a Supplier, we strive day and night to bring out fresh ideas to cater to the needs of Automation by offering Siemens Automation Products like Siemens AC Drive, Siemens PLC, Siemens HMI, Siemens Servo System, Simotion Controller and many more.

As a worldwide leading Supplier of Pepperl+Fuchs industrial sensor technology and sensor systems, we specialize in the field of Factory Automation with an extensive range of products that are easily adapted to specific applications.

Our staff have a solid product and application knowledge and can adapt ideally to your requirements.

Target Markets

Pharma Industries

Machine & Plant Engineering

Automotive Industry

Crane & Elevators Application

Ceramic Industries

Food Beverages & Water Treatment
