NT-210+220+230+240 OCS

Outdoor Column Speaker (NT-210+220+230+240 OCS)

The Nova Outdoor Column Speaker Series (NT-210/220/230/240 OCS) provides a range of compact, weather-resistant audio solutions for outdoor environments. These slim-profile speakers feature 2.5" full-range drivers delivering 10W-40W of power with consistent 170Hz-15kHz frequency response across all models. Constructed from durable aluminum, the column speakers come in varying heights from 262mm (NT-210) to 691mm (NT-240), maintaining remarkably narrow profiles of just 75-140mm depth for discreet installation. Weighing between 1.4kg to 3.5kg, they offer 88-93dB sensitivity and 70V-100V line voltage compatibility, making them ideal for distributed audio systems in hotels, corporate campuses, and urban public spaces. While the product is labeled as "N1210 OCS" in marketing materials, technical specifications confirm the model numbers as NT-210 through NT-240 OCS. These speakers combine weatherproof durability with aesthetic subtlety, providing clear audio reproduction while blending seamlessly into outdoor architectural environments.
