

Fashion Speaker

NT-156+157+157A+158 FS

Fashion Speaker (NT-156+157+157A +158 FS)

The Nova Fashion Speaker Series (NT-156/157/157A/158 FS) delivers versatile audio solutions combining elegant design with professional performance. The lineup features four distinct models to suit different space requirements: the powerful NT-156 FS with its 30W 6" driver in a durable MDF cabinet (3.2kg) offers exceptional 98dB sensitivity and wide 70-20kHz frequency range; the NT-157 and 157A FS models provide balanced 15W performance with 6"+HF driver configurations in lightweight HIPS enclosures (1.2-1.4kg), delivering 130-16kHz response; while the ultra-compact NT-158 FS (1.1kg) maintains 15W output in a sleek 175mm wide design. All models support professional 70-100V line systems (except NT-156 at 100V) and feature sensitivity ratings from 91-98dB, ensuring efficient sound reproduction. With cabinet materials ranging from acoustic-optimized MDF to space-saving HIPS, and weights between 1.1-3.2kg, this series offers flexible installation options for boutique hotels, retail environments, and design-conscious residential spaces where both audio quality and aesthetic integration matter equally.
