## IMPORTANT

- High chair is intended for children from 6 months to 3years or maximum weight of 15kg.

3. Assemble footrest: Place the footrest between front short legs (1.5), please note there is a nut in the leg and screw the bolt into the nut until it is fixed (1.6).

4. Assemble Tray: Position the tray over the armrest, holding the latch mechanism at both sides of the tray, at the same time sliding the tray onto the chair with the desired position, the release the latch and move the tray until a click sound is heard.

5. The tray can be set in four position, using the latches at both sides to adjust the position, make sure you heard click sound after change the position.

6. In order to wash the tray, you may remove its cover plate by releasing its two catches and three blocks.

7. Baby Highchair change to floor seat: Disassemble the four longer legs and fixed connector. Then put the four Shorter leg covers in the bottom of legs.

### 8. Harness system Adjustment

(1) To buckle the safety belts, connect the shoulder and waist belts and then snap them into the crotch belts clasp.

To unbuckle the safety belts, press the button in the middle of the clasp.

(2) Sliding adjusters are fitted and should be carefully adjusted so the harness fits your child comfortably.

(3) The safety belts can be removed for cleaning purposes by sliding the end buckle of belts through the five slots.

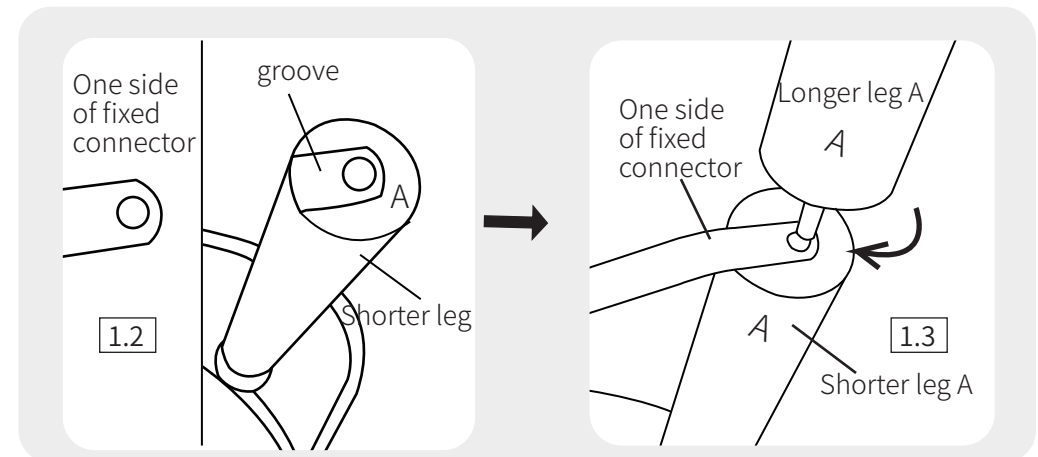

## Assembly

1. Assemble the four shorter legs: Insert the shorter leg A & B & C & D into the exact hole at the bottom of the chair until the pin clicks into place. (1.1)

2. Assemble four longer legs with fixed connector: Please put one side of fixed connector into groove at the bottom of short leg A (1.2), then screw the longer leg A into the shorter leg A until it is fixed (1.3). Connect short leg B with longer leg B, short leg C with longer leg C, short leg D with longer leg D in the same way.
