

The gold standard of accuracy in the lab industry

The Vibrant Salivary Hormones panel measures levels of reproductive and metabolic hormones in the body that relate to energy, weight loss or gain, water retention, muscle loss or gain, sleep, mood, and cognitive function.

Salivary Hormones Markers List

SALIVA STEROIDS HORMONES	SALIVA CORTISOL	SALIVA CORTISONE
Estradiol (E2) Estrone (E1) Estriol (E3) E3/(E1+E2) Ratio Progesterone (Pg) Pg/E2 Ratio Testosterone DHEA-S	Cortisol (Pooled) Cortisol (Morning) Cortisol (Noon) Cortisol (Evening) Cortisol (Night)	Cortisone (Pooled) Cortisone (Morning) Cortisone (Noon) Cortisone (Evening) Cortisone (Night)
