

AQUADOR 30 ST

The prestige Aquador 30 ST can be converted with ease from a cosy, enclosed sport-top to an open daycruiser, thanks to proportioned roof hatches that glide fore and aft throughout the length of the stylish roof. These clever twin hatches, coupled with a stable hull and superbly responsive handling, greatly enhance this elegant craft's inshore-offshore capabilities in all weathers. The 30 ST features an exciting interior colour scheme and a wide swim platform.
