Project Overview

GO Expansion is transforming the GO rail network from a commuter service into an all-day, rapid system - with more frequent service, more stations, cleaner technology, and more connections. Across the entire network, our goal is to deliver over 10,000 train trips a week - so you won't need a schedule because you know the next train will be coming soon.

What Is Happening

To support station improvements at Aurora GO, Metrolinx will be conducting a full track reconstruction throughout the May 1-4 weekend as part of work to construct the future second track on the Barrie line. These activities are being done during a weekend pause in service of the Barrie line to allow for crews to safely work on the track. We understand that overnight work is not ideal and will take all measures to minimize the disruptiveness of the works to the surrounding community.

One temporary lane closure will be implemented on Centre Street during this work. Traffic in both directions will be maintained during the lane closure. Wayfinding and signage will be in place.

WHAT TO EXPECT

- Metrolinx will be conducting a full track reconstruction (see Figure 1).
- Equipment to be used include various trucks, excavators, a dozer, and a loader.
- Residents may experience some noise associated with construction activities and equipment.
- Sound monitoring technology will be utilized to ensure that noise levels do not exceed compliance limits.
- Vibration monitors will also be in place as needed, depending on the work activities.

HOURS OF WORK

- Work will be continuous from 9:00 p.m. on Friday, May 1 to 5:30 a.m. on Monday, May 4, 2026.
- We understand that overnight work is not ideal and will make every effort to mitigate impacts to the surrounding community during this important work.

LOCATION OF WORK

- Work will take place within the rail corridor north of Aurora GO station (see Figure 1).

PEDESTRIAN DETAILS

- No pedestrian impacts are expected.

TRAFFIC DETAILS

- There will be a single lane closure on Centre Street. Traffic flow in both directions will be maintained throughout the closure.

TRANSIT IMPACTS

- During this Major Track Closure, service along the Barrie line will be paused.
- Please visit the GO Transit website for alternative transit options.

COMMUNITY ENGAGEMENT

- We thank you for your patience and cooperation as we strive to bring you enhancements at Aurora GO station.
- We have a dedicated community relations team in place to work with residents and businesses in the York Region. If you have any questions or concerns about this work, please contact us anytime at YorkRegion@metrolinx.com.
