## Project Overview

GO Expansion is transforming the GO rail network from a commuter service into an all-day, rapid system - with more frequent service, more stations, cleaner technology, and more connections. Across the entire network, our goal is to deliver over 10,000 train trips a week - so you won't need a schedule because you know the next train will be coming soon.

## What Is Happening

### *Monday, May 4 - Tuesday, May 5, 2026*

Metrolinx will be conducting a routine design inspection of the existing rail bridge on Major Mackenzie Drive east of Ontario Street and west of Silk Oak Court. This inspection will occur overnight from Monday, May 4 at 9:00 p.m. and will be completed by 5:00 a.m. the next day. There is no work occurring other than the inspection.

Metrolinx will be implementing partial lane closures of Major Mackenzie Drive for the duration of the work. The lane closures will occur in a phased approach on the south and north sides of the road (see Figure 1). A single lane will remain open at all times to allow for the flow of traffic in both directions, and traffic management will be in place.

### *Friday, May 8 - Sunday, May 10, 2026*

Metrolinx will be closing a portion of Major Mackenzie Drive to conduct removal of temporary guardrails and install light poles on the future pedestrian bridge. This work and the associated road closure will occur overnight from 8:00 p.m. to 8:00 a.m. on the nights of Friday, May 8 and Saturday, May 9.

Sidewalks adjacent to the road closure will also be inaccessible. Detour signage will be in place to guide drivers and pedestrians around the closure (see Figure 2).

## WHAT TO EXPECT

- **May 4-5:** Metrolinx will be conducting a routine inspection of the existing rail bridge.
  - Crews will use a manlift, pickup truck, and light tower.
- **May 8-10:** Metrolinx will be stripping temporary guardrails and installing light poles at the site of the future Major Mackenzie Pedestrian Bridge.
  - Crews will use manlifts, forklifts, various trucks, and a skidsteer.
- Nearby residents may experience some noise associated with these activities.
- Sound and air monitoring technology will be utilized to ensure that noise levels do not exceed Metrolinx's construction noise criteria for residential work.
- Vibration monitors will be used to ensure vibration remains below acceptable levels.
- Lights will be pointed towards the bridge to minimize any light pollution to the area.

## HOURS OF WORK

- The first block of work will occur overnight from 9:00 p.m. on Monday, May 4 to the morning of Tuesday, May 5 at 5:00 a.m.
- The second block of work will occur overnight from 8:00 p.m. to 8:00 a.m. on Friday, May 8 and Saturday, May 9.

## LOCATION OF WORK

- Work will occur on Major Mackenzie Drive at the rail bridge.

## PEDESTRIAN DETAILS

- There will be wayfinding signage for pedestrians to pass around the area.

## TRAFFIC DETAILS

- **May 4-5:** Partial, phased lane closures will be implemented (see Figure 1).
  - Traffic flow in both directions will be maintained.
- **May 8-10:** A full road closure will be implemented on a portion of Major Mackenzie Drive (see Figure 2).
  - Detour signage will be in place to guide drivers around the work site and closure.

## TRANSIT IMPACTS

- This work will not impact GO service at Maple GO or along the Barrie line.

## COMMUNITY ENGAGEMENT

- We thank you for your patience and cooperation as we strive to bring you enhancements at Maple GO station.
- We have a dedicated Community Engagement team in place to work with residents and businesses in the York Region. If you have any questions or concerns about this work, please contact us anytime at [YorkRegion@metrolinx.com](mailto:YorkRegion@metrolinx.com).

Information as of: April 9, 2026
