

Repairs Timescales & Responsibilities Procedure

Code: R&V-006

Version: 1.1

Created: November 2024

Review: February 2027

Author(s): Head of Responsive Repairs & Voids

1. What this procedure aims to do

- 1.1. This procedure details the which repairs are both Sage Homes and Customer responsibility and for those which are the responsibility of Sage Homes, the timescales in which they should be completed.
- 1.2. This procedure should be read alongside the Repairs Policy, the Repairs Issuing Procedure, the Access Procedure and the Inspections Procedure, to ensure that Sage understands its obligations and delivers on the commitment we have made to our customers.

2. The scope of this procedure

- 2.1. The table below lists common repair jobs that are requested by our customers and is a guide to who is responsible for carrying out the repair.
- 2.2. The table also informs you of the target days for which contractors will aim to complete the repair by.
 - Where the table shows '1' the target timescale is the **end of the next day**.
 - Where the table shows '20' the target timescale is **twenty working days**.

3. Equality and diversity

- 3.1. Sage is committed to making sure all services are accessible to all our residents. Our staff will be trained to make sure they are communicating appropriately with our customers, and they have the relevant information.
- 3.2. This procedure will be applied in a way which makes sure we treat all customers with fairness and respect. We recognise our duty to advance equality of opportunity and prevent discrimination or victimisation on the grounds of age, sex, sexual orientation, disability, race, religion or belief, gender re-assignment, pregnancy and maternity, marriage and civil partnership and any other protected characteristic defined within the [Equality Act 2010](#).
- 3.3. On request we will provide translations of all our documents, policies and procedures in various languages and formats including braille and large print.

Delivery of this procedure

3.4. This policy should be read alongside:

- Responsive Repairs Policy
- Gas Access Procedure
- Access Procedure
- Repairs Issuing Procedure
- Controlling Repairs Procedure
- Inspections Procedure

3.5. The effective delivery of this procedure including training, guidance and support required by staff for implementation of this policy will be provided by the Repairs and Voids Team and the Property Compliance Team.

4. Procedure review

4.1. We will review this policy at least once every three years to make sure it remains relevant and accurate unless:

- Legislation/regulation or industry changes require otherwise, making sure that it continues to meet our aims and industry best practice.
- We identify any problems or failures in this procedure as a result of customer and stakeholder feedback, complaints or findings from any independent organisations.
