

Have a fun community day

Get to know your neighbours while having a fun day out

 Suitable for 10+ neighbours

How it works

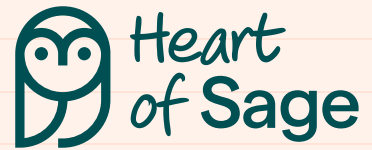

1. Get your neighbours together and agree a time and location (think about a local park and check with the venue first)
2. Create an appealing programme of activities: it might be a picnic, frisbee game or a scavenger hunt
3. Get everyone to bring one tasty dish to share – making an instant feast for everyone.

Make sure you take some photos of your community fun day – and share them across your community.

Keep us up-to-date

We'd love to hear your plans and see the photos of your community events too. Drop us a line if you need more info, or help with organising your community day event – or any other community initiative – at heartofsage@sagehomes.co.uk.

→ What you'll need

- Make sure you check the venue is happy for you to host your event there
- Have a plan in place for dealing with issues like lost children or medical situations (like heatstroke)
- Invite your local Sage Homes representative to the event – we'll be happy to come along and be there to support the day!

→ Why do it

- Local community events are a great way to bring your neighbourhood together
- They also support better wellbeing and build great connections with the people who live around you.
