President's Message

by Jim Tubbs

Deer archery season is well underway. I haven't been out yet, as I'm waiting for cooler weather. Let us know how your season is going and send in your success photos, as we'd love to put them in the newsletter.

Since school has started, NASP archery will soon be underway in the next month or so. The schools have already talked to me about doing practice and possible tournaments again this year. Everything will most likely be the same as last year. Once everything is finalized, I'll have dates and times posted. Last year worked out great, with no problems. **For member that are practicing NASP, the blue tape is for tournaments only. Black tape has been put down at 10 & 15 meters for you to place your targets at, so you can shoot from the white target line.**

Elections are this month for board members. Please plan to vote. Instructions will be in the newsletter along with the ballot. Everything can be done online.

A bit of housekeeping. The target butts at the east end of the range, are not to be moved. If you want to shoot closer than 20 yards, move only the butts on the south wall. Also move the paper target around on the butts. Don't always keep them in the middle. By moving them around, the butts will last longer. Please remember to shut the lights off, if you are the last one to leave.

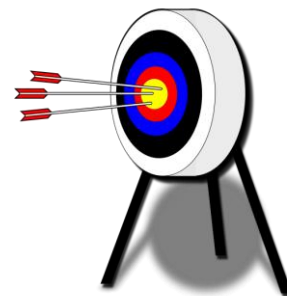

We have tentatively scheduled a banquet for Saturday, November 20th. We'll have more information in the next newsletter.

WELCOME NEW MEMBERS

The Bergholz Family
(Robert and Linda)

Our members have worked very hard to provide a Safe, Clean and Enjoyable environment for our sport. Help keep our range clean and targets in great shape.
Reminder: Broadhead arrows are not allowed at our indoor range.

Target Rep

Range Master

Communication Coordinator

October 1st - 15th

October 20th

Online voting takes place

Board Meeting with election results announced.

Results will be included in the November newsletter

Timeline

Prairie Bowmen positions up for election this year

Target Rep Bio's

Chad Morgan:

As a young boy, I started to make bows out of cedar tree branches, used bailing twine for a string and arrows made of willow branches. Then in 1998 I got my first compound bow and shot it until 2006 when I got new one that was rated at 310 fps with 80% let-off and man, was that nice! In that year I was able to harvest my first buck with a bow and in 2008 I was able to harvest my first Pope and Young deer scoring 138. Since then, I have been lucky enough to harvest two more Pope and Young bucks, four trophy turkeys and a number of hogs.

In 2008 I started shooting 3-D archery and I was hooked. I have participated in several tournament's over the past 13 years. In 2011 I started to shoot target archery and in 2012 started shooting in tournaments and have placed in a few... some of which include the State Games of America, Cornhusker State Games. The Vegas Shoot, Dakota Classic, and several state and local tournaments.

I live in Lincoln with my wife Sonja of 25 years and we have 3 boys (Colt, Wyatt and Garrett).

With your vote, I would like to continue planning and coordinating tournaments and leagues.

Communication Coordinator Bio's

Kelly Slama:

It appears when people hear you are in IT, you get roped into things. Currently, the thing is Communications Coordinator. Bob will be handing over a smooth running system, so that made for easy roping if I'm elected. I have an ISM degree from Doane College and have worked in IT for 20+ years. I have always worked with a bunch of guys, so I will feel right at home on the board.

When you get into archery and start off competing in the Senior class, that tells you how late I got in to archery. As the story goes, I was a spectator for a while (super boring) and was mandated to start shooting by my BF Daric. It is much more enjoyable to participate than to spectate. Archery people are the absolute best at welcoming newcomers and getting them up to speed with all the tournament rules and scoring. My very first tournament was the Iowa Pro-Am in 2019. (Yep, jumped right in.) This past weekend, we made a long road trip to Wabash, IN (where those Tubbs boys hail from) and competed in the NFAA Midwest Classic Trail Shoot (highly recommend). Other than UNmarked 3D, I really enjoy all the different types of shoots.

I would appreciate your vote and would work to keep up the great work Bob has done on communications for the club.

Range Master Bio's

Harry Windle:

I have been a member of Prairie Bowmen for 15+ years. During this time, I have had the opportunity to help coach the USA JOAD Archery Program for 6 years, volunteer with the NE Game and Parks Youth Mentor Program and NASP Program. I have helped with multiple tournaments including the Nebraska State Games and many range work days. I also received the Prairie Bowmen Volunteer of The Year award in August, 2020.

During our move to the new indoor range a couple years ago, I spent many hours helping make our range the best possible by building target stands, installing cabinets, painting (inside and out), flooring and roof repairs.

If elected as your Range Master, I will continue to work hard at keeping our range one of the nicest indoor ranges in the state of Nebraska and a place archers want to come.

Prairie Bowmen Archery Club Election of Open 2021 Board Positions

Official Ballot Rules:

Online voting will take place October 1, 2021 through October 15, 2021 for all members who have provided an email address.

For the members without an email address, official ballots will be mailed no later than October 1, 2021.

All ballots must be returned sealed in the self addressed envelope provided to be valid.

If returning your ballot via US Mail, it **must be RECEIVED** by Bob Larsen no later than Tuesday, October 19, 2021 to be valid.

If returning your ballot in person, please submit it **prior** to the start of the October Board Meeting on Wednesday, October 20, 2021 -- 7:00pm.

Online voting and mailed ballot results will be calculated, opened and announced at the October Board Meeting October 20, 2021 -- 7:00pm -- 1432 N. Cotner Blvd., Lincoln, NE.
