Aerospace Engineering: Pathway to Apprenticeship

CAERDAV APPRENTICESHIP ACADEMY

IN ASSOCIATION WITH

Cardiff and Vale College
Coleg Caerdydd a'r Fro

This newly designed course encompasses rigorous academic training in the classroom at ICAT in Year 1, before successfully selected students commence the Apprenticeship Programme in Years 2 and 3, with paid hands-on work at Caerdav's ultra-modern St. Athan MRO facility.

COURSE OUTLINE:

- **Year 1**
 - › Level 3 EAL Diploma in On-Aircraft Maintenance
 - › Essential Skills Wales qualifications: Digital Literacy & Employability Skills
 - › 4 days per week at ICAT / 1 day per week at Caerdav (Wednesday – transport provided)
- **Year 2 / Year 3**
 - › Paid apprenticeship with Caerdav, St. Athan
 - › Level 3 NVQ Extended Diploma in Aeronautical Engineering

THE COURSE DELIVERS:

- An accelerated pathway into a career in aircraft maintenance, reducing the apprenticeship by up to 12 months
- Access to ICAT's cutting-edge training facility and expert trainers
- Vital teamwork, communication and IT skills
- A bespoke, collaborative training experience designed to meet specific operational requirements – meaning candidates graduate 'ready to work'

ENTRY REQUIREMENTS:

- Applicants must be aged 16 – 19
- 5 GCSEs Grade A* - C (including Maths and English A* - B (or equivalent)
- Or a suitable Level 2 Engineering qualification at Distinction grade or above with either an appropriate Maths unit graded Distinction or above, or GCSE Grade A* - B
- The right to live and work in the UK

TIMESCALES:

February 5
