

CareMedica

Some brands are built from opportunity. CareMedica was built from purpose.

The healthcare vertical of AdvikMNC, CareMedica was born from a vision to bring world-class quality to everyday care. Starting with DIGNIWEAR, developed in partnership with MEDDCARE USA, the brand has grown into a trusted house of purposeful sub-brands — each serving a distinct chapter of life.

Mum&Kin nurtures newborns with gentle, trusted care. OURA brings quiet confidence to women's personal hygiene.

CareMedica Advantage delivers premium adult diapers and pull-ups for those who deserve comfort without compromise. DriPad offers dependable underpad protection for home and institutional settings. And Clean+ covers everyday hygiene essentials for everyone.

With surgical care solutions on the horizon, CareMedica's vision is clear: one trusted house of brands, covering every care need, at every stage of life.
