Our Sponsors' Success Stories

"The atmosphere and speakers were phenomenal. Great information and insight from brilliant human beings that encouraged us to see the good and promote the culture of recognition."

"I loved the intimacy! A lot of conferences I've been to are so huge that it's actually harder to meet new people. With the setting and group being such a reasonable size, I felt like it was easy to make new connections and find speakers to chat with."

"I absolutely LOVED the speakers that were chosen! Each one brought incredible insights and left me feeling inspired. I walked away not only energized but also with a renewed sense of purpose and excitement to implement meaningful changes in my organization. The speakers really motivated me to take action and push for growth in ways I hadn't considered before. It was exactly the boost I needed!"

of attendees said they were likely or extremely likely to engage with our sponsors post-event.

"I sincerely appreciate the time, effort, and energy the entire team put into our experience. It was clear the focus was on us and, as a group of professionals who always take care of others, **it was nice to be taken care of and thought of every step of the way.** Thank you for the care you put into the relationships you've created and making it an overall excellent experience!"

"This was hands down the most valuable thing I've ever done for my career! The ability to gather with like-minded individuals, share ideas and struggles, and learn from leaders within the field, I couldn't have asked for a more influential week."

"RCGNZ 2024 was definitely one to remember. From the amazing speakers, to smiling Awardco team members' faces, to the amazing networking opportunities, you guys did not miss a beat! Hoping to be back next year and cannot wait to take action on some of the learnings!"
