Professional Experience

Product Designer

Incipient Infotech • Ahmedabad, Ind

Jan'25 - Apr'26

Incipient Infotech is an Australia-based IT and software development company delivering custom web, mobile, SaaS, AI, UI/UX and enterprise solutions for clients worldwide, with 1,000+ clients served globally.

Designed XIRA, a fintech and Web3 platform integrating crypto wallets, messaging, creator monetization, payments, rewards, KYC/KYB, and admin management.

- Led end-to-end UI/UX design for 5+ SaaS products and 8+ admin panels, focusing on scalable workflows, improving user adoption rates by 30%.
- Designed core user flows, wireframes, and interactive prototypes in Figma, reducing usability friction by 25% across key product journeys.
- Delivered UI/UX designs for assigned features and modules from problem definition to developer handoff, ensuring a consistent user experience across platforms and devices.
- Collaborated with 30+ engineers to ensure design feasibility and consistency, enhancing design-to-development execution efficiency in Agile sprints.
- Utilized UX research and usability testing to identify friction points, resulting in a 15% increase in accessibility and engagement across multiple product features.
- Built and maintained reusable UI components, design patterns, and style guidelines to improve design consistency, scalability, and responsive experiences across web and SaaS products.

UI/UX Designer

Cuneiform Consulting • Ahmedabad, Ind

Oct'23 - Oct'24

- Designed UX solutions for SaaS dashboards and ERP systems, focusing on workflow efficiency, resulting in improved task completion time by 20%.
- Conducted usability testing and iterative design improvements, contributing to an estimated 20% increase in user satisfaction and retention.
- Worked closely with product managers and developers in Agile teams across 10+ projects to deliver production-ready solutions, enhancing time-to-market by 15%.

Intern UI/UX Designer

Codage Habitation • Ahmedabad, Ind

Feb'23 - Aug'23

- Created high-fidelity website and app mockups under senior designer mentorship, receiving positive feedback from stakeholders for creativity and detail.
- Applied UX principles and design research to support user-centered solutions, enhancing the overall user experience.
