

# Global Financing Facility

## Civil Society and Youth-led Organization Landscape Assessment

April 2023

### Country Report: Tajikistan

Number of respondents: 0

PAI conducted an open consultation in February and March 2023 inviting civil society organizations (CSOs) and youth-led organizations (YLOs) to share their perspectives about civil society and youth engagement in country-level policy processes as well as global health financing fora, including those related to the Global Financing Facility (GFF). The survey, which was publicly available in both English and French, received a total of 150 responses from 33 GFF focus countries. The survey elicited feedback on the CSO/YLO landscape in each GFF partner country, including strengths, gaps and challenges faced by CSO/YLOs in their work and engagement in GFF processes. The findings from the consultation will be used to define opportunities to strengthen multi-sectoral collaboration, including increasing

meaningful CSO/YLO engagement GFF processes at the country level. The survey is also intended to identify priorities and opportunities to strengthen CSO/YLO networks to ensure they are positioned, resourced, and equipped to act as advocates to advance sexual, reproductive, maternal, newborn, child and adolescent health and nutrition (SRMNCAH-N).

### Overview

No respondents to the 2023 CSO/YLO Community Survey reported working in Tajikistan, so there are no survey data to report at this time. To better understand the CSO/YLO landscape in Tajikistan, future outreach to CSO/YLOs who are active in this country should inquire as to their awareness of and engagement with GFF processes in Tajikistan, as well as factors that enable or hinder their participation in these processes.
