Report of Independent Auditors

Board of Directors Population Action International

We have audited the accompanying financial statements of Population Action International ("PAI") which comprise the statements of financial position as of December 31, 2015 and 2014, the related statements of activities, functional expenses and cash flows for years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of PAI as of December 31, 2015 and 2014 and the changes in net assets and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

Years ended December 31, 2015 and 2014

Note 1 - Nature of Activities and Significant Accounting Policies

Nature of Activities

Population Action International (PAI) champions policies that make it possible for women to exercise their reproductive rights, and fights to remove the policy barriers between women and the care they need. We work with policymakers in Washington and our network of partners in developing countries to advance women's reproductive rights.

Sexual and reproductive health and rights

PAI works with our network of partners—more than 35 local organizations in 17 countries, policymakers on Capitol Hill, and champions at the United Nations and beyond—to ensure that women everywhere are able to exercise their full range of reproductive rights.

Sustainability

As an originator of integrated community-based approaches to conservation and reproductive health, PAI has been a leading advocate of the population-health-environment (PHE) approach for more than 15 years. PHE programs emphasize bringing conservation and reproductive health services to communities who both need and want them, particularly those who live outside the reach of any healthcare system, and on the edge of some of the world's most endangered natural ecosystems. Because it integrates international family planning and reproductive health (FP/RH) with other development disciplines, PHE provides a unique opportunity to engage new stakeholders—both policymakers and practitioners—in advocacy for international FP/RH.

A summary of PAI's significant accounting policies follows:

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) promulgated by the Financial Accounting Standards Board Accounting Standards Codification (ASC or the guidance). Accordingly, revenue is recognized when earned and expenses when the obligations are incurred.

Cash and Cash Equivalents

For purposes of reporting cash flows, PAI considers all highly liquid investments purchased with a maturity of three months or less to be cash equivalents. All cash and investments, regardless of maturity, held by an investment advisor, are considered investments. At times PAI's cash accounts are in excess of the Federal Deposit Insurance Corporation (FDIC) insured limits. Management monitors these balances and believes they do not represent significant credit risk to PAI.

Notes to Financial Statements (Continued)

Note 1 - Nature of Activities and Significant Accounting Policies (Continued)

Cash and Cash Equivalents (continued)

The restricted cash of \$986,804 and \$1,000,232 as of December 31, 2015 and 2014, respectively, relates to funding received from the Bill and Melinda Gates Foundation. Unused funds are deposited in a separate money market account, as required by the funder.

Investments and Fair Value Measurements

PAI invests in professionally managed portfolios that contain equity securities, mutual funds, U.S. Government agency bonds, corporate bonds, exchange-traded funds (ETF's) and money market funds, which are recorded at fair value. The changes in fair value during the year (whether realized or unrealized) are recognized in the statements of activities.

PAI's classifications for financial assets and financial liabilities are based on the framework established in the fair value measurement and disclosure accounting guidance. The framework is based on input in the valuation and requires that observable inputs be used in the valuation when available. The disclosure of fair value estimates in the fair value accounting guidance includes a hierarchy based on whether significant valuation inputs are observable. In determining the level of the hierarchy, the highest priority is given to unadjusted quoted prices in active markets and the lowest priority to unobservable inputs that reflect PAI's significant assumptions. The three levels of the hierarchy are as follows:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities traded in active markets that PAI has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable, for substantially the entire period, for the asset or liability and market-corroborated inputs.

Level 3 – Inputs to the valuation methodology are not observable for the asset or liability and are significant to the fair value measurement.

PAI recognizes transfers between levels at the end of the period in which events occur impacting the availability of inputs to the fair value methodology.

Notes to Financial Statements (Continued)

Note 1 - Nature of Activities and Significant Accounting Policies (Continued)

Classification of Net Assets

PAI's net assets have been grouped into the following three classes:

<u>Unrestricted net assets</u> - result from contributions and other inflows of assets whose use by PAI is not limited by donor-imposed restrictions.

<u>Temporarily restricted net assets</u> - result from contributions and other inflows of assets whose use is limited by donor-imposed restrictions that either expire with the passage of time or can be fulfilled and removed by actions of PAI related to those restrictions.

<u>Permanently restricted net assets</u> - result from contributions and other inflows of assets whose use by PAI is limited by donor-imposed restrictions, that must be maintained in perpetuity by PAI.

Pledges Receivable

Unconditional pledges are recognized as revenue or gains in the period received. Conditional pledges are only recognized when the conditions on which they depend are substantially met. Unconditional pledges that are expected to be collected within one year are reported net of any estimated uncollectable amounts. Pledges expected to be received beyond one year are reported net of any estimated uncollectable amounts and are discounted to present value using the United States Treasury Obligation risk-adjusted rate according to their corresponding terms. Management determines the allowance for doubtful promises by using the historical experience applied to an aging of promises. There was no provision for doubtful promises, based on management's evaluation of the collection of promises, as of December 31, 2015 and 2014.

Property and Equipment

PAI capitalizes all property and equipment with a cost of \$3,000 and \$2,000 or more for 2015 and 2014, respectively. Property and equipment are stated at cost, and depreciated on a straight-line basis mid-year over the estimated useful lives of the assets. Leasehold improvements are amortized over the lesser of the lease term or the estimated useful lives of the assets. The estimated useful lives of property, equipment, software, and leasehold improvements, for the purpose of computing depreciation and amortization, are:

Computer equipment and software - 3 to 5 years Leasehold improvements - the shorter of the life of the leasehold improvement or the life of the lease Furniture and equipment - 7 years

Equipment - capital lease - life of the lease

Notes to Financial Statements (Continued)

Note 1 - Nature of Activities and Significant Accounting Policies (Continued)

Grants and Support and Revenue

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending of any donor restrictions. All donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is satisfied), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions.

Donated Services

Donated materials or services that meet the recording criteria, are recorded as revenue with a corresponding offset to expense. The value of donated services are calculated based on the fair market value of the service. For the year ended December 31, 2015, PAI recorded \$0 of donated legal services and \$123,815 in advertising services as contributions in the statement of activities. For the year ended December 31, 2014, PAI recorded \$64,682 of donated legal services and \$118,731 in advertising services as contributions in the statement of activities.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited based on employee time incurred. Supporting services include fundraising and management and general expenses.

Income Taxes

PAI is exempt from the payment of income taxes on its exempt activities under Section 501(c)(3) of the Internal Revenue Code (IRC). PAI has been determined by the Internal Revenue Service not to be a "private foundation" within the meaning of IRC Section 509(a). However, certain activity not considered exempt is subject to unrelated business income taxes. Management has concluded that PAI has maintained their exempt status and there are no significant uncertain tax positions as of December 31, 2015.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain amounts previously reported in the 2014 financial statements have been reclassified to conform to the 2015 presentation.

Notes to Financial Statements (Continued)

Note 1 - Nature of Activities and Significant Accounting Policies (Continued)

Subsequent Events

PAI evaluated subsequent events through May 9, 2016, which is the date the financial statements were available to be issued, and has considered any relevant matters in the preparation of the financial statements and footnotes.

Note 2 - Investments and Fair Value Measurement

Investment income for the years ended December 31, 2015 and 2014, consists of the following:

| | 2015 | 2014 |
|-------------------------------------|-----------------|--------------|
| Interest and dividends | \$ 52,911 | \$ 77,654 |
| Realized (loss) gain on investments | (98,870) | 48,443 |

| Investment management fees | (24,873) | (27.587) |
| | \$ (142,693) | \$ 33,803 |

The following table is a summary of PAI's investments measured at fair value within the GAAP fair value hierarchy as of December 31:

| • | _ | 2015 | 2014 | Fair Value Level |
|--|----|-----------|-----------------|------------------|

Notes to Financial Statements (Continued)

Note 2 - Investments and Fair Value Measurement (Continued)

Equities and mutual funds and ETF's included in Level 1 assets are actively traded and fair market values for identical assets are readily attainable. U.S. Government agency bonds and corporate bonds included in Level 2 assets are not actively traded, and fair market values for similar assets are readily attainable. PAI did not have any transfers between investment levels for the years ended December 31, 2015 or 2014.

Cash and money market funds held do not meet the definition of securities under accounting standards and thus are not subject to the GAAP fair value disclosure requirements. At December 31, 2015, PAI was in the process of transferring its investment portfolio to a new custodian. The portfolio was temporarily in cash and cash equivalents at year-end and reinvested in January 2016.

Note 3 - Property and Equipment

Property and equipment is comprised of the following at December 31:

| | 2015 | 2014 |
|---------------------------------|---------------|---------------|
| Computer equipment and software | \$ 458,628 | \$ 397,623 |
| Leasehold improvements | 679,456 | 661,572 |

PAI leases certain equipment under terms of capital leases. The economic substance of the leases is that PAI is financing the acquisition of the assets through the lease, and, accordingly, the related assets and liabilities have been recorded in the statement of financial position. The amortization of capital lease was \$9,550 and \$8,789 as of December 31, 2015 and 2014, respectively, which is recorded in depreciation and amortization expense on the statements of functional expenses.

The following is a schedule of future minimum lease and loan payments required under the capital lease agreement together with their present value as of December 31, 2015:

| Year ended December 31, 2016 | \$ 12,746 |

Note 4 - Board Designated Net Assets

Board designated net assets include funds designated by the Board of Directors. PAI Board of Directors redefined the purpose of the designation in 2015. The general purpose of the fund is to ensure the long-term financial stability of PAI and position it to respond to varying economic conditions or unforeseen changes that may dramatically affect PAI's financial operations. The funding level of the designation is one-fourth of the upcoming year's operating budget and is reset annually at the end of the calendar year. Board designated net assets totaled \$2,245,975 and \$1,799,500 as of December 31, 2015 and 2014, respectively.

Note 5 - Temporarily Restricted Net Assets

Temporarily restricted net assets include funds that are available for future years. Temporarily restricted net assets were released from restrictions during the years ended December 31, 2015 and 2014, because either the purpose or the time restriction was satisfied.

Temporarily restricted net assets as of December 31, 2015 and 2014, were available for the following programs:

Note 6 - Permanently Restricted Net Assets

Interpretation of Relevant Law: The Board of Directors of PAI has interpreted the District of Columbia enacted version of UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. As a result of this interpretation, PAI classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets, until those amounts are appropriated for expenditures by PAI in a manner consistent with the standard of prudence prescribed by UPMIFA.

In accordance with UPMIFA, PAI considers the following factors in making a determination to appropriate or accumulate donor restricted endowment funds:

- The duration and preservation of the fund
- The purposes of PAI and the donor-restricted endowment fund
- General economic conditions
- The possible effects of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of PAI
- The investment policies of PAI

There were no contributions nor any releases to the Permanently Restricted Fund during the years ended December 31, 2015 and 2014. Income earned on the Permanently Restricted Fund is unrestricted.

Spending Policy

Currently, PAI does not have a spending policy. Spending is in accordance with any donor-imposed restrictions.

Note 7 - Operating Leases

PAI is obligated under a non-cancelable lease for its headquarters office expiring in 2026. Under the terms of the agreement, PAI is committed to annual rental payments adjusted for defined escalations based on building operating expenses. Rent expense, rent abatements, and other concessions are recognized on a straight-line basis over the term of the lease with the difference between the straight-line rent and actual rent payments being recorded as deferred revenue. PAI subleases a portion of its space under non-cancelable agreements that expired at various dates through March 2016. Sublease rental income for the years ended December 31, 2015 and 2014 was \$84,541 and \$97,605, respectively.

Note 7 - Operating Leases (Continued)

As of December 31, 2015, the following schedule summarized the required minimum lease payments to be made for the years ended December 31:

| 2016 | \$ 709,948 |
|------------|-----------------|
| 2017 | 667,055 |
| 2018 | 683,731 |
| 2019 | 700,825 |
| 2020 | 783,649 |
| Thereafter | 5,130,890 |
| | \$ 8,676,098 |

Total rent expense on the office lease was \$743,889 and \$716,952 for the years ended December 31, 2015 and 2014, respectively.

Note 8 - Retirement Plans

PAI sponsors a 403(b) retirement plan (the Plan). All regular full and part time employees who have completed 30 days of service, and are at least 18 years old, are eligible to participate in the Plan. In 2015, PAI contributed \$99,231 based on 4% of eligible salaries. In 2014, PAI contributed \$68,384 based on 3% of eligible salaries. All employees are fully vested in employer contributions after one year of employment.

Note 9 - Related Party Transactions

In 2015 and 2014, PAI received support of approximately \$50,000 and \$200,000, respectively, from members of the Board of Directors and corporations that employ members of PAI's Board of Directors. The statements of financial position include \$0 and \$100,000 in outstanding pledges as of December 31, 2015 and 2014, respectively, from pledges made by members of the Board of Directors.

Note 10 - Pledges Receivable

Pledges receivable include the following at December 31:

| | 2015 | 2014 |
