

# 1609-D1500E

## Allen Bradley PLC – 1609 Uninterruptible Power Supplies

| Technical Specifications: |                              |
|---------------------------|------------------------------|
| Manufacturer              | Rockwell Automation          |
| Brand                     | Allen-Bradley                |
| Part Number               | 1609-D1500E                  |
| Product Type              | Uninterruptible Power Supply |
| Product Family            | Deluxe                       |
| Volt-Amps                 | 1500                         |
| Voltage (Input/Output)    | 230V AC                      |
| Mount Type                | Panel                        |
| Battery Pack Run Time     | > 5 min.                     |
| Frequency                 | 50/60 Hz                     |
| Surge                     | 380 J                        |
| Communication             | USB                          |
