

# D50ED14

## Eaton Cutler-Hammer PLC – D50 PLC

### Technical Specifications:

|                                   |   |
|-----------------------------------|---|
| Part Number                       | D50ED14                                 |
| Product Type                      | Digital I/O Expansion                   |
| Manufacturer                      | Cutler-Hammer                           |
| Digital Inputs                    | 8                                       |
| Input Type                        | 24V DC                                  |
| Digital Outputs                   | 6                                       |
| Output Type                       | 24V DC                                  |
| Digital Expansion Modules Allowed | 3                                       |
| Max. Configuration                | 56 Digital Inputs and 8 Analog Channels |
| Operating Temperature             | 0-55 C                                  |
