

# HPK-E1308E-SB44AA

Allen Bradley Motors – HPK Servo Motors

| Technical Specifications:    |   |
|------------------------------|---|
| Manufacturer                 | Rockwell Automation   |
| Brand                        | Allen-Bradley   |
| Part Number/Catalog No.      | HPK-E1308E-SB44AA   |
| Product Type                 | Asynchronous Servo Motor  |
| Voltage                      | 400V  |
| Frame Size                   | 1308  |
| Rated Speed                  | 3000 rpm  |
| Feedback                     | 1024 sin/cos, absolute single-turn encoder (Hiperface protocol) |
| Blower/Junction Box Location | Top-mounted blower, F1 junction box (brake only)                |
| Connections                  | 4 Feedback  |
| Mounting                     | IEC Metric  |
| Brake                        | 380-240V AC Holding   |
