

# MPL-B430P-SK72AA

Allen Bradley Motors – MPL Servo Motors

| Technical Specifications:  |  |
|----------------------------|--|
| Manufacturer               | Rockwell Automation                      |
| Brand                      | Allen-Bradley                            |
| Part Number/Catalog No.    | MPL-B430P-SK72AA                         |
| Product Type               | Low-Inertia Servo Motor                  |
| Series                     | MP                                       |
| Series Type                | Low Inertia                              |
| Voltage Class              | 400V                                     |
| Frame Size                 | 115 mm                                   |
| Magnetic Stack Length      | 3 in.                                    |
| Rated Speed                | 5000 rpm                                 |
| Feedback                   | Single-turn High-resolution Encoder      |
| Shaft Key/Seal             | No Shaft Key/No Shaft Seal               |
| Connectors                 | Circular DIN, Right Angle, 180 Rotatable |
| Brake                      | No Brake                                 |
| Mounting Flange            | IEC Metric                               |
| Factory Designated Options | Standard                                 |
