

# W201K2CN

## Eaton Cutler-Hammer Drives – W201 Contactors

| Technical Specifications: |                      |
|---------------------------|----------------------|
| Manufacturer              | Eaton Cutler-Hammer  |
| Brand                     | Eaton Cutler-Hammer  |
| Part Number               | W201K2CN             |
| Product Type              | Contactator          |
| Contactator Type          | Non-reversing        |
| Voltage                   | 230V                 |
| Hp max.                   | 15                   |
| Continuous Amps           | 45                   |
| Coil Voltage (Hz/V)       | 110/50               |
| NEMA Size                 | 2                    |
| Dimensions (W/H/D)        | 2.5 x 6.5 x 4.84 in. |
| Weight                    | 2 lbs                |
| Poles                     | 3                    |
