

Principal Regulatory Analyst, Transportation Electrification

Application Deadline: 7/23/2021

About East Bay Community Energy

East Bay Community Energy (EBCE) is the Community Choice energy service provider for customer accounts across Alameda County and the City of Tracy. EBCE's charter is to provide its customers with low carbon, cost-effective electricity that integrates innovative energy products and maximizes local benefits through the development of local solutions, ranging from increasing access to rooftop solar to supporting the adoption of electric vehicles.

We want creative problem solvers that are excited to work in an entrepreneurial environment and grow our organization! EBCE is committed to a diverse and inclusive workforce that is reflective of our service area's rich culture and communities.

POSITION SUMMARY

EBCE is seeking to hire a full-time Principal Regulatory Analyst on the Public Policy team, reporting to the Senior Director of Public Policy and Deputy General Counsel. EBCE is looking for candidates that have a background in transportation electrification policy and can successfully represent EBCE in transportation electrification-related and other distributed energy resource (DER) related regulatory proceedings; evaluate proposed regulatory policies to assess the impact on EBCE; develop EBCE positions on issues; provide strategic regulatory advice to the business; develop technical analyses, written reports, and presentation materials; and conduct written and oral advocacy to support EBCE's positions and shape future regulations. The Principal Regulatory Analyst will partner closely with EBCE's Local Development Programs team who manages implementation of transportation electrification and other DER projects, DER program design, and EBCE investments in DERs.

- **Culture:** EBCE fosters a culture of open communication, responsibility, curiosity, accountability, teamwork, and care. As a small team, cultural fit is key to individual and team success. We welcome a diversity of experiences and perspectives.
- **Start date:** The application is open until July 23, 2021 at 5 PM. Candidates should send application materials to jobs@ebce.org with the job title in the subject line.
- **Location:** This position will be based in EBCE headquarters in Oakland, near BART.
- **Employment:** As an equal opportunity employer, we are committed to diversity, equity, and inclusion and strongly encourage people of color, women, those who identify as LGBTQ+, non-binary individuals, and those with disabilities to apply.
- **Compensation:** Competitive compensation package offered, based on candidate experience. A Principal Regulatory Analyst salary ranges from \$137,813 to \$152,250.
- **Benefits:** EBCE offers a generous benefits package including
 - Individual, family and domestic partner health insurance (medical, dental, vision)
 - Life and AD&D, EAP, STD, and LTD
 - Retirement with Employer Matching
 - Paid Time Off and Holidays
 - Flexible Spending Accounts (health and dependent care accounts)

POSITION DETAILS

Essential Duties and Responsibilities:

- As part of the Public Policy team, work collaboratively with the Local Development Programs, Power Procurement, Marketing, and Technology & Analytics teams on cross functional priorities related to regulatory matters with a particular focus on transportation electrification and other DERs
- Create analyses to support EBCE's policy positions in key regulatory proceedings
- Participate in stakeholder dialogues, advocacy, and regulatory proceedings on behalf of EBCE and evaluate proposed regulatory and funding policies at the California Energy Commission (CEC), California Air Resources Board (CARB), California Public Utilities Commission (CPUC), California Independent System Operator (CAISO) and other state and federal agencies, to assess the impact on EBCE; develop EBCE positions on issues; develop technical analyses, written reports, and presentation materials to support EBCE's positions; conduct written and oral advocacy to shape future regulations
- Represent EBCE before various regulatory agencies in rulemaking and ratemaking proceedings, including as a witness and/or key technical advisor
- Collaborate with CalCCA and through other joint CCA venues, and engage with external stakeholders, to develop policy proposals and consensus positions
- Draft and review comments, proposals, testimony, and briefs; provide analytic analyses and strategic advice on regulatory matters; prepare discovery requests and responses; participate as a witness in administrative hearings; provide input into legislative policy at the state and local levels
- Supplement the Local Development Programs team's internal analysis with regulatory advice on transportation electrification and other DERs, to inform programmatic offerings, EBCE investments and external funding opportunities

Minimum Qualifications:

- Bachelor's degree required
- Minimum of five years of progressively responsible and relevant work experience, to include at least three years in energy and/or economics and/or environment or in a closely related field in a policy, regulatory, strategy, or related business function
- Excellent written and verbal communication and advocacy skills
- Strong analytic skills
- Experience in representing your organization and partnering with external stakeholders to build consensus
- Deep knowledge of transportation electrification policy in California
- Ability to prioritize, be nimble, and self-directed in a highly fluid and rapidly changing environment
- Effective and organized project manager and leader
- Passion for contributing to the success of community choice energy in California

Preferred Qualifications:

- Graduate education
- Understanding of energy markets and energy products
- Familiarity with DER policy issues with a focus on transportation electrification
- Experience with CEC and/or CARB rulemakings, and/or CPUC proceedings

Working Conditions

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. EBCE is committed to reasonably accommodate an applicant for known physical or mental disabilities so that the applicant may participate in the application process. EBCE will engage in a timely, good-faith interactive process with any employee with a known physical or mental disability to identify potential reasonable accommodations, if any, to enable the employee to perform the essential functions of their position.

- General office environment is primarily sedentary work which requires the following physical activities: standing, sitting, walking, reaching, lifting, finger dexterity, grasping, repetitive motions, talking, hearing and visual acuity.
- The employee must occasionally lift and/or move up to 10 pounds.
- Exposure to CRT is frequent, on a daily basis.
- The noise level is usually moderate.

Licenses/Certificates

Possession and continued maintenance of a valid class C California driver's license or the ability to provide alternate transportation and a safe driving record.

Submission Requirements

Applicants must submit a cover letter outlining key qualifications and reasons for your interest and current resume. Please email these documents and any questions to: jobs@ebce.org by 5 PM on 7/23/2021.

Working at East Bay Community Energy
