

## Find More Babysitting Jobs from Your Trusted Families & Grow Your Business

SitterSync is a mobile app designed to help sitters manage babysitting logistics effortlessly to grow their business. It's not a babysitter-matching service—you bring your trusted families, and we provide the tools to streamline scheduling, payments and allowing sitters to share their availability to get more jobs. SitterSync simplifies the way babysitters work by addressing the key challenges you face and empowering sitters to focus on providing great care.

## How SitterSync Helps Sitters

### Simplified Job Management

Schedule jobs, track hours, add receipts and receive payments all in one place.

### No Cost to the Babysitter

Unlike many other platforms, there is no cost to the babysitter to use the app. The booking fee is a flat fee for the family is based on job completion only and does not take a cut of the sitter's rates or length of the job.

### Share Your Availability

With SitterSync, you can update and share your availability with the families you know and trust. This ensures you're top of mind when they need care, helping you secure more opportunities to work.

### Peace of Mind

Designed for babysitters who already have families they know and trust, ensuring you retain control and confidence - and are not reliant on a 3rd-party "verified" provider.

### Financial Clarity

Grow your client base efficiently by tracking earnings, setting your own rates and adding receipts directly to the job. Focus on great care instead of worrying about following up for payments.

## Feature Focus

With SitterSync you don't have to worry about getting paid on time!

### Set Up Payments

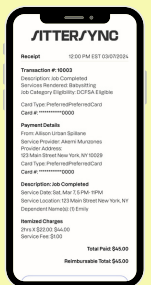

It's simple to connect your bank account to SitterSync through our safe and secure Stripe portal. This way payments are made directly into your account to be used at any time.

### Record-Keeping Made Easy

With SitterSync, every payment comes with a detailed receipt and sitters can request reports, easily tracking the business growth.

### How It Works

When you close the job and request payment, including any expenses and receipts in-app, families are reminded automatically every 24 hours to ensure timely payment without the hassle.

## Common Questions

### General Overview

#### What is SitterSync?

SitterSync is a mobile app that helps sitters and families manage, book, pay, and track babysitting services within their trusted network.

#### Who is SitterSync designed for?

Sitters with trusted families looking for an easier way to manage their schedule while growing their business.

#### How is SitterSync different from other babysitter apps?

Unlike matching platforms, SitterSync focuses on scheduling, payment, and benefits management for sitters you already know and trust.

### Features and Functionality

#### Does SitterSync help find new families?

No, SitterSync is for managing families within your personal network, not for connecting with new families. For future updates, select "Looking for New Families" in the profile.

#### Can I manage multiple families in SitterSync?

Absolutely, SitterSync lets you manage schedules and payments for all the families in your network.

#### Does SitterSync include payment capabilities?

Yes, SitterSync allows you to be paid directly through the app. There are also automatic reminders every 24 hours for families that have not completed the jobs.

#### Does SitterSync provide reminders for upcoming bookings?

Yes, automated reminders ensure both families and sitters stay on schedule.

#### Does SitterSync integrate with calendars?

Based on user feedback, this feature is being added in an upcoming release for seamless scheduling.

#### Can sitters post availability too?

Yes, sitters can let families know that they are available and looking to be booked!

### More Features & Functionality

Every job paid through SitterSync generates a receipt that can be emailed or sent as a text message. At the end of the year or on-demand, the app generates a year-end report for tax filing and Stripe automatically sends a 1099 as needed.

#### Does SitterSync track additional expenses?

Yes, when a sitter closes the job, the time, additional expenses, and images can all be adjusted to submit to the family.

#### Does SitterSync allow sitters that are under 18 years old?

Yes, anyone can use SitterSync, though if a sitter is under 18, they are required to invite a parent to share the account.

### Cost and Pricing

#### How much does SitterSync cost?

SitterSync keeps things simple—no subscriptions or monthly fees! Families pay a flat booking fee for each completed job. SitterSync does not take a cut of the sitter's fee or base the fee on length of job or hourly rate.

#### Are there any additional fees?

There are no hidden charges or extra costs.

### Setup and Security

#### How do I add a family to my SitterSync account?

You can invite families to join your network directly through the app, either during onboarding or from your profile.

#### Is SitterSync easy to set up?

Yes, setup is user-friendly and takes just a few minutes to connect your profile, payments and trusted families.

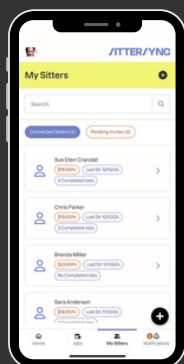

#### How does SitterSync ensure my data is secure?

The app uses Stripe as its secure payments gateway to protect user data.

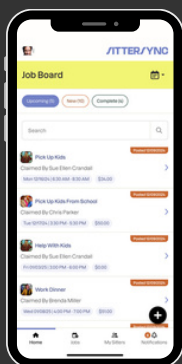

#### Can I control family access to my information?

Yes, families only have access to relevant information needed that you add to your profile. You can remove a family from your network at any time.
