ABOUT SIMATS

The Saveetha Medical and Educational Trust was created in 1986 with the primary objective of providing medical relief, promoting education, and encouraging research. In 1988, the Trust established Saveetha Dental College along with an attached General Hospital. Subsequently, the Trust expanded its educational initiatives by establishing a Nursing College, Physiotherapy College, Occupational Therapy College, Law College, and Engineering College to fulfill its commitment to serving the people, especially those residing in rural villages in and around Chennai and the adjoining districts of Tamil Nadu.

The Saveetha Institute of Medical and Technical Sciences (SIMATS) has received accreditation from the National Accreditation Board for Hospitals and Healthcare Providers (NABH) and the National Accreditation Board for Testing and Calibration Laboratories (NABL) for RT-PCR Testing for COVID-19.

The institution has a total student strength of around 10,000, supported by nearly 1,500 faculty members and approximately 2,500 non-teaching staff. SIMATS is ranked among the top 10 Indian universities and secured the 395th rank globally in the 2020 UI GreenMetric World University Rankings on Sustainability conducted by the University of Indonesia, Jakarta.

ABOUT SAVEETHA SCHOOL OF LAW

Saveetha Institute of Medical and Technical Sciences (SIMATS) Established in 2009, Saveetha School of Law aims to provide quality legal education while maintaining high standards in legal research and training. The institution is situated close to the city in a calm and serene atmosphere, creating an ideal environment for academic excellence. We carry the vision of imparting excellence in legal education and the mission of widening and nurturing the intellectual abilities, leadership qualities, and personal development of young legal minds.

Saveetha School of Law is ranked 19th among all Law Universities in India and 1st in Tamil Nadu according to the NIRF Ranking 2023. The institution is accredited with NAAC Grade A++, recognized by the Bar Council of India, and approved by the UGC. We offer a wide range of undergraduate, postgraduate, and Ph.D. programmes in law. Everything a law graduate needs to learn and experience is available on our campus. The institution follows the CBCS Curriculum with a variety of regular and specialized subjects.

Our academic system is fully digitized with Flipped Classes and I-books made accessible to students. We provide sophisticated air-conditioned classrooms, smart boards with Wi-Fi facilities, experienced faculty members, and modern teaching methodologies. The campus also includes a well-equipped library with all required books and resources, cafeteria facilities, hostel accommodation, and playgrounds for students. Academically, we maintain high standards through regular tests and assessments. Internship programmes are arranged on a one-to-one basis with advocates practicing in the High Court. Moot Court sessions are conducted regularly to enhance advocacy skills, and the institution frequently organizes moot court competitions and research programmes. Community service is another special feature of Saveetha School of Law. Various awareness programmes are conducted to educate the public about

About Centre for Criminal Justice Research (CCJR)

The Centre for Criminal Justice Research focuses on advancing scholarship, policy discourse, and reform in criminal justice systems. With emerging challenges posed by technological advancements, the Centre actively explores the intersection of AI, law enforcement, human rights, and governance.

ABOUT CONFERENCE

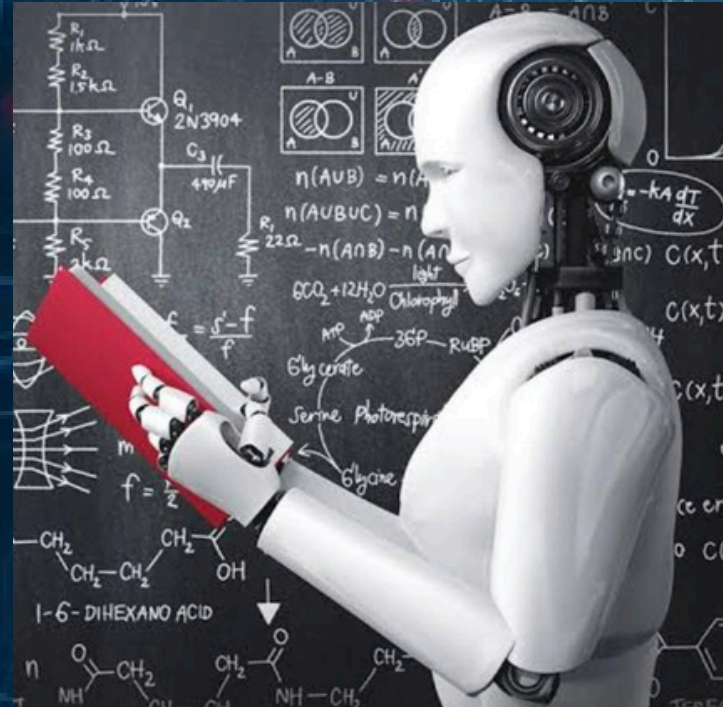

Artificial Intelligence is transforming governance, legal systems, and regulatory frameworks worldwide. From automated decision-making and predictive analytics to AI-driven policing and legal tech innovations, these developments are reshaping how justice is delivered. However, these advancements also raise critical concerns regarding:

- Accountability and transparency
- Bias and discrimination
- Privacy and data protection
- Ethical and human rights implications

This International Conference aims to provide a multidisciplinary platform for examining the legal, policy, and governance challenges posed by AI, while also exploring innovative regulatory solutions.

Aim

To create a global interdisciplinary platform to examine the intersection of Artificial Intelligence, law, governance, and public policy, bringing together international experts, policymakers, technologists, and legal scholars.

Objectives

- To examine legal and regulatory challenges including liability, privacy, and accountability
- To assess the impact of AI on criminal justice and legal systems
- To foster dialogue between technology, law, and policy stakeholders
- To address ethical, human rights, and inclusivity concerns
- To generate policy-oriented insights for responsible AI governance
